(By Associated Press)

DAYTON—A New York electrical contractor whose employment of CIO workers caused a strike of AFL building trades craftsmen, halting a $5,900,000 air corps expansion program at Wright Field, today urged a truce between his company, and the two rival labor organizations in the interest of national defense.

Isaac Penner, president of the Penner Construction company, declared "the AFL and the CIO and the Penner company should forget any differences for the duration of the defense emergency.

"When it's over, then we can fight it out if we have to."

Penner said he provoked AFL opposition by appearing as a state witness in a New York trial of contractors accused of collusion with labor.

CINCINNATI—(AP)—With classroom temperatures reported as low as 50, a strike of operating engineers closed a majority of Cincinnati's 84 schools today.

Unofficial estimates indicated that 50,000 of the city's 58,000

O.S.R. Inmate Who Fled at Funeral Surrenders Here

Declaring he was "tired of bumming around," Joe Mamone, of Akron, who escaped from a transfer officer three weeks ago while attending his grandmother's funeral, returned to the Ohio State reformatory today to complete a 10 to 25-year sentence for robbery.

"I'm sorry I did it," the fugitive asserted as he walked into the office of Supt. Arthur L. Glattke voluntarily.

Mamone escaped from the officer Feb. 17, while attending the funeral of his grandmother in Akron. In the crowd at the home following the services, the youth slipped out a door.

Glattke said because of his voluntary return, only six months would be added to his sentence instead of the customary two-year penalty.

Mamone was sentenced to the reformatory Jan. 2, 1939 from Summit county.

UAW Officials Ask Elections in 13 General Motors Plants.

DETROIT —(AP)— Officials of the United Automobile Workers (CIO) announced today they would ask the National Labor Relation board to order bargaining elections in 13 General Motors corporation plants, including those won by the UAW-AFL and the Mechanics Educational Society of America in elections a year ago.

The 13 plants in which elections are to be sought included Norwood and Dayton.

THROWN FROM CAR

CLEVELAND — (AP) — Thrown from her automobile in a collision with another car, Mrs. Charles E. Gallagher, 70, wife of the chairman of the East Ohio Gas company board, was killed last night in suburban Shaker Heights.

Turkey Arms as Nazis Become Neighbors

Infantry marches to positions in Thrace.

Motorized might guards Turkey's borders.

Marshal Feuzi Cakmak reviews his airmen.

With German armies as close as they can get without actually crossing her borders, Turkey expected to enter the war on the side of Great Britain and Greece if Germany takes one step further in the Balkans. The guardian of the Dardanelles has an army of 1,000,000 men, with 7,000,000 more in reserve. She has a nucleus of an up-to-date, mechanized, motorized army, but reports indicate that she has not enough of this modern equipment to supply her entire force. The Turks, however, are among the most valiant fighters in the world. In the air, Turkey has a moderately strong fleet of planes, including some manufactured in the United States.

Submits Report to Defense Officials on Plants Here

A report of Mansfield's idle industrial productive capacities, compiled several weeks ago by the Chamber of Commerce, was placed in the hands of national defense officials today.

The survey was submitted to the Fourth District Federal Reserve board in Cleveland by a Mansfield delegation which requested early consideration of contracts for Mansfield manufacturers.

Figures given to the board, which is assisting in speeding up the national defense program, were taken from a survey of 24 industrial plants in the city.

They show the total productive and unproductive industrial facilities; labor engaged in industry, and the amount of labor and production facilities now laying idle.

Purpose of the Cleveland visit, John G. Routzon, secretary of the chamber said, will be to seek contracts for those firms not working at capacity.

The chamber's survey revealed that of the 24 firms canvassed, 16 were working less than 100 per cent, the average working capacity of the plants totaling 44 per cent.

"Our object is to obtain government contracts that will bring these plants up to full capacity," Routzon said.

Besides Routzon, the delegation was composed of Robert C. Remy, president of the chamber; C. H. Henkel, past president, and John W. Graham, a director of the state chamber.

SUPREME COURT WILL STAND PAT

Refuses to Review State's Suit On Restaurant Lease.

COLUMBUS — (AP) — The restaurant lease fight in Ohio's bureau of unemployment compensation building isn't going to worry the state supreme court.

The tribunal yesterday refused to admit for review the state's suit to oust Sidney A. Miller, a Democrat, who has a five-year lease on a restaurant stand in the building's basement.

H. S. Atkinson, BUC administrator, sought to remove Miller after granting a restaurant concession to a Republican, Gus Zarnas.

DRIVE SLOWLY

Motorists Cautious as Ice Forms On Lorain Bridge Roadway.

LORAIN —(INS)— Motorists were extremely cautious today in crossing the $1,386,400 Bascule bridge over the Black river.

Quick changes of temperature, causing steam to rise from the river and form ice on the steel grid roadway of the new bridge, resulted in 20 automobile accidents in a 24-hour period.

SCULPTOR DIES

Borglum, Designer of Memorial at Rushmore, Succumbs.

CHICAGO—(INS)—Gutzon Borglum, the noted sculptor who fashioned the great Mt. Rushmore Memorial in the Black Hills, died today in Henrotin hospital after a heart attack suffered last Sunday.

The great sculptor would have been 74 years old had he lived until March 25.

Borglum was recuperating from a recent operation when he suffered a severe setback last Sunday from a heart attack. Two days later, however, physicians announced that he seemed to be recovering. His condition, while regarded as serious, had not caused undue anxiety until early this morning.

OHIOAN KILLED IN PLANE CRASH

Officials Report Finding Body of Warren Man.

LOS ANGELES —(AP)— North American Aviation company officials said today the body of a pilot buried in the wreckage of a plane on the side of Mount Tipton, 30 miles north of Kingman, Ariz., has been identified as that of Joe S. Martinek, of Warren, O.

Martinek, missing since last Saturday when he left Kingmon, was on his course, but he apparently flew too low while fighting a snowstorm enroute with the North America plane to Salt Lake.

Sheriff Ernest Graham of Kingman led a rescue crew to the mountain today to recover the body.

EX-MAYOR DIES

35 IN COUNTY'S NEW DRAFT CALL

They'll Report For Training March 27; 35 To Leave For Camp Friday.

Richland county selective service boards received an official call today to provide 35 men on March 27 for army training. Board 2 meanwhile was asked to send two colored selectees to camp on or after March 20.

The March 27 call, eighth issued by state draft headquarters since last fall, brought the total number of men scheduled to leave the county this month to 134. Thirty-five will leave the Mansfield bus depot at 8 a. m. Friday for the Ft. Hayes induction station in Columbus.

From a group of 45 young men who were examined yesterday at the Mansfield Armory, the three boards today had received approval on 20 from physicians and dentists. Fourteen others were given tentative approval, pending further examination and receipt of blood test reports.

Of 17 men sent to the Armory by Board 1, only four were approved immediately. Eight others received tentative approval. Board 2 had the best average with 10 of 13 passed by the examiners.

Board 1, with the largest quota for the month, had mailed questionnaires today to 1,400 registrants and will continue to mail them at the rate of 25 a day, Todd Patton, board clerk, said. The board has more than 3,000 men registered.

500th ALARM

Nazi Planes Renew Activity Over London.

LONDON — (INS) — The British capital's 500th air raid alarm of the war sounded just before noon today, heralding renewed Nazi air activity after a quiet night.

The all-clear signal sounded shortly afterwards, but a few minutes later the day's second alarm began. There were no immediate incidents in the London area.

CAR CONTRACT LET

CLEVELAND — (AP) — A contract for 100 all-steel 40-foot automobile cars to be built by the Ralston Steel Car company at Columbus, at an approximate cost of $335,000 has been announced by the Pere Marquette railway.

THREE ROUTED BY BLAZE IN TRAILER CITY

Man Jailed After Allegedly Confessing He Started Fire 'To Get Even.'

SURRENDERS TO POLICE

Suspect Says 'I'm the Man You Want'; Building Leveled With $3,000 Loss.

Three persons, including Henry J. Carew, proprietor of the Mansfield Transfer and Storage company and operator of Trailer City, were routed early today by a fire which destroyed Carew's residence and grocery store at the Trailer City tourist camp on the Ashland road.

John Richey, 36, who gave his address as the Brunswick hotel, was held today in the county jail after he allegedly confessed setting fire to the building "to get even with Carew."

Police said Richey, who was under sentence to spend three weekends in the county jail on an assault and battery conviction, surrendered while the structure was burning at 1:45 a. m. today.

Running to meet Patrolmen John Grohol and Glenn Adams as they drove into the Trailer City entrance, officers quoted him as saying: "I'm the man you're looking for." They took him to the county jail.

Questioned today by Prosecutor Harold Lutz, Richey, according to the prosecutor, said he ignited two gallon cans of gasoline in the basement of the combined residence and store because his wife had left him and gone to work for Carew.

The prosecutor said he would file no charge until he completes his investigation, probably sometime today.

Sheriff Frank E. Robinson said Mrs. Richey, Carew, and a second woman whose identity was not revealed were in the house when the blaze was discovered by Carew. All fled to safety.

Carew said he heard an explosion and found the lower part of the building in flames when he went to the basement to investigate. He said he did not know Richey had been near the house during the evening. The fire gained such headway through the oil-soaked building that it was useless to try tto save it, the sheriff said.

Voluble Virginio Sees a Big Bad Bogey-Wogie Man

ROME — (INS) — A sensational charge that President Roosevelt plans an offensive against the Axis powers and that the United States is preparing to "inherit the British empire" and extend its domination over other nations was broached today by Virginio Gayda, press spokesman for Premier Mussolini.

"The free peoples of Europe and Asia," Gayda wrote, "are increasingly concerned over Roosevelt's real offensive plan against the Axis, the most unbridled, plutocratic, imperialistic plan the world has ever known.

"The silent conflict which already has opened between Roosevelt's United States and the Axis parallells the conflict between the Axis and England.

"Increasingly ambitious United States imperialism is preparing not only to inherit the British empire but extend its domination over other nations."

Allies Withdraw After Leaving Supplies For Residents of Lofoten Islands.

(By United Press)

LONDON — British and Norwegian naval forces, British troops and Norwegian marines, in an audacious raid on the Norwegian Lofoten islands Tuesday, captured 215 German and 10 Norwegian "Quisling" prisoners, destroyed 18,000 tons of shipping and a big glycerine plant and killed one German naval officer and six men, it was announced today.

The British and Norwegian forces landed a big supply of food, soap, cigarets, clothing and other comforts for the islanders and brought back with them a "considerable number" of Norwegian patriots who wanted to fight for their country, the British and Norwegian admiralties said in a joint communique.

Steaming up beyond the Arctic Circle, the British and Norwegian forces made a surprise attack in the best British naval tradition.

They came back without a single casualty and not a bit of damage to their ships, it was asserted, having accomplished with "completed success" three objectives—to destroy a fish oil plant which was making glycerine for explosives, to destroy German shipping and to take prisoners.

It was the first time Norwegians had challenged the Germans on their own soil since the tragic days of last spring when the Germans occupied and over-ran the country.

While British and Norwegian light naval forces attacked ship-

DOOM SEALED?

Japs Claim U. S. Aid to Chiang Cut Off By Landings.

HONGKONG —(AP)— Japanese declared today their landings at six Chinese coastal points on the Gulf of Tonkin had nullified United States aid to the Central Chinese government and, as an army spokesman at Canton put it, "the doom of Chiang Kai-shek's regime is sealed."

He declared that recent American financial aid to China "becomes of little consequence" because of the closing of Chinese supply routes.

The Chunkging high command, however, said that the Japanese were being engaged at all points in their attempts to drive inland. Competent observers here acknowledged that the landings had put the Japanese in position to cripple the food supply of Hongkong, British crown colony.

Chicago Woman Tells of Year And Half In Siberian Camp

(By International News Service)

CHICAGO — Her hands calloused and hard from seven months of hard work in the fields of northwestern Siberia, Mrs. Olga Kochanski was back in her native Chicago today with a harrowing tale of 18 months she spent as a virtual prisoner in Russia following the Russian-German invasion of Poland.

Mrs. Kochanski went to Warsaw 25 years ago and married her violin teacher, Prof. Waclaw Kochanski, who became vice rector of the Warsaw Conservatory of Music, and died just before Poland fell in September of 1939.

Mrs. Kochanski said she was seized by Russian soldiers at Kowel, Poland, where she was resting at the home of a friend. Unable to prove her American citizenship, she was sent to Siberia in a box car with 30 other refugees, and forced to work in the fields although the temperature sometimes dropped to as low as 56 degrees below zero.

"We lived in a log hut," she said, "and seldom had enough clothing or bedding. Our food was mainly bread and barley flour.

Mrs. Kochanski came back to America convinced the European distatorships cannot endure. She expressed belief that "in all Russia there are fewer than 2,000,000 Communists." The people hate their rulers, she said, and some day will assert themselves.

She finally won her freedom through intercession of the American consul in Moscow, after American relatives had brought her plight to the attention of the state department.

Italians Told to Close Consulates In Two U. S. Cities

WASHINGTON — (AP) — The United States told Italy today to close its consulates at Detroit and Newark, N. J., "for reasons of national policy."

The decision of the government that foreign consulates in certain areas should be closed was announced by the state department.

It followed the recent action of the Italian government to have the United States close its consulates at Naples and Palermo, Italy.

The request that the personnel be withdrawn from the United States will not prevent their transfer to Italian consulates elsewhere in this country.

The Detroit consulate is in charge of Giacomo Profili, who has been vice consul since 1938. Renati Della Chiesa De'Isasca is vice consul in charge at Newark.

Phraseology of the department's announcement indicated that similar action might be taken against other foreign consulates.

In the case of Germany, however, the United States has not been forced to close any consulates in that country. Germany has required the closing of Ameri-

OPPOSE AID AMENDMENTS

Administration Senate Forces Face Major Test; Passage Called Assured.

BULLETIN

WASHINGTON —(AP)— Administration leaders disclosed today that they were drafting a compromise amendment to the British aid bill which may restrict the use of American land and naval forces in foreign areas.

(By Associated Press)

WASHINGTON — Confronted with a major test of strength, administration senate leaders concentrated all efforts today on defeating British aid amendments which would restrict the president's powers to use American armed forces outside of the western hemisphere.

The first — and perhaps the strongest—threat to be met was the proposal of Senator Ellenden (D.-La.) to write into the bill a clause stating that nothing in the legislation could be construed as giving the president any additional powers for sending land or naval forces abroad.

Although some senators voiced the opinion yesterday that the amendment would have small actual meaning, the administration leadership decided to fight it and any other similar proposals. The decision was taken after word had circulated that Secretary Hull be-

SEEK TO SETTLE FORD DISPUTE

Conciliator Meets With State Mediation Board Today.

DETROIT—(INS)—Federal Labor Conciliator James F. Dewey today was to meet in an effort to help settle the dispute between the Ford Motor company and UAW-CIO.

Meanwhile, in a letter to the governor, R. J. Thomas, UAW-CIO president, went on record as refusing to recognize the constitutionality of Van Wagner's specially appointed mediation board nor to the state labor board's decision that a 30-day cooling off period must be invoked before a strike could be called. Thomas pledged co-operation to the board, however.

Press Declares Nazi Seizure of Dardanelles Means Suicide For Reds.

BULLETIN

ANKARA — (U.P.) — German troops were reported established along Turkey's Thracian border today and Germany was said to have given Turkey an implied warning against allowing Britain to base forces on Turkish soil.

(By Associated Press)

With Britain pledged to the fight at her side "until final victory is won," embattled Greese massed 90,000 troops in the mountain passes north of Salonika today in readiness for the imminently expected assault of 150,000 Germans poised on the Greek-Bulgarian frontier.

Observers in Sofia, capital of Bulgaria, said Nazis might invade the Aegean kingdom at any hour.

Waves of German bombers were reported arriving from the north, reinforcing the Nazi Fourth air fleet totaling 1,700 bombers and fighters already based in Bulgaria.

Sofia dispatches said German planes were photographing both Greek and Turkish defenses.

Strict military control was clamped down over all communications between Bulgaria and the outside world.

British Foreign Secretary Anthony Eden and Gen. Sir John G. Dill, chief of the British imperial general staff, left Athens last night, and a communique announced that they and Greek leaders had reached complete agreement "on all aspects" of the crisis.

Turkey pressed defense preparations as her officially-controlled press called on Russia to halt Ger-

Weygand Arrives From Africa For Talk With Marshal.

VICHY, France —(AP)— General Maxime Weygand, commander of the French forces in North Africa, arrived by plane this afternoon for his first face to face consultation with Chief of State Marshal Petain in five months.

He was accompanied by two officers. All wore civilian clothes. Weygand went immediately to the Parc hotel, where Petain has his headquarters.

The government announced last night that Weygand had arrived in Vichy, but today it explained that this premature announcement was issued deliberately as a "blind" intended to cover his real movements.

SUSPECTS HELD IN FLEECING

Trio Arrested at Union Depot in Columbus.

COLUMBUS —(INS)— Suspected of fleecing a Columbus man of $1,500 and attempting to swindle a Lima resident out of $2,500, two men and a woman arrested at the union train depot were held for investigation today.

Detectives said they had in their possession at the time of their arrest $1,200 in U. S. treasury bonds, a false police badge, five false arrest warrants, a quantity of jewelry and about $500 in cash.

NO. 31

Checking Delinquents.

The bureau of internal revenue has at its command many sources for checking up delinquent taxpayers. One of these is the "information at source" provision of the internal revenue code, under which persons, "in whatever capacity acting," are required to report on Form 1099, to the Commissioner of Internal Revenue at Washington, D. C., payments of fixed or determinable income to another in the calendar year of 1940 of $800 or more. If the recipient is married, and is a citizen or resident of the United States, reports need not be made of salary or other compensation for personal services unless the payments aggregate $2,000 or more. If the marital status of the payee is unknown to the payor, the payee is considered a single person for the purpose of filing an information return of salary or other compensation for personal services.

Fixed or determinable income includes wages, salaries, royalties, premiums, rent, interest, etc. A separate return of information for each employee is required of employers. The requirements are not limited to periodical payments, but a single payment must be reported. Domestic and resident foreign corporations are required to make a separatre report, Form 1099, of dividends or distributions for each individual, citizen, or resident of the United States, resident fiduciary, or a resident partnership any member of which is a citizen or resident, who was paid $100 or more during the calendar year 1940.

All persons or organizations acting at any time during the year 1940 as broker or other agent in stock, bond, or commodity transactions (including banks which handle clearing orders for depositors or custodian accounts) are required to file annual returns of information on Form 1100 with respect to all customers, depositors, or accounts for whom or which the total amount of the sales of securities or commodities, or the total market value of the securities exchanged, is $25,000 or more during the calendar year 1940 and each subsequent calendar year, with certain exceptions. A separate Form 1100 must be prepared for each customer, depositor or account for whom or which business was transacted during the year, and must show the name and address and other information provided for in the form.

Information returns are carefully checked with individual returns of taxpayers. Thousands of delinquent returns and additional revenue amounting to millions of dollars have been secured as the result of the examination of information returns.

KROGER

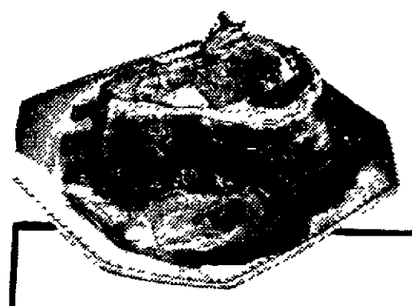
Thumbs down on "AGED" beef!

KROGER'S TENDERAY is FRESH & TENDER!



"Age" in all foods, beef included, results in definite losses of precious *Fresh Food Values!*

TENDERAY SPEEDS UP NATURAL TENDERING 14 TIMES, OUTMODES WASTEFUL AGEING, CONSERVES VALUABLE JUICES, REDUCES LOSS OF NATURAL VITAMINS. KROGER'S TENDERAY IS THE WORLD'S ONLY GOVERNMENT PATENTED METHOD OF TENDERING FRESH BEEF. GRADE FOR GRADE, NO OTHER BEEF SO FRESH CAN BE SO TENDER! THIS CLAIM CANNOT BE TRUTHFULLY MADE FOR ANY OTHER BEEF.

Tenderay beef is the result of nearly four years of painstaking research by Westinghouse and The Kroger Food Foundation Fellowship at Mellon Institute. In Tenderay, science skillfully applies "split-second" control to a vastly accelerated working of Nature's own tendering methods, inducing tenderness but retaining the undenied values of fresh beef.

CLUB IN SESSION

KING'S CORNERS—An all-day meeting was held recently by members of the Ever Thoughtful club at the home of Mrs. Grace B. Maxwell. Mrs. Bertha Ink and Mrs. Virginia Hamilton were the associate hostesses. A covered-dish dinner was served at noon and later the group sewed for the Red Cross. The club will meet at the home of Mrs. Beatrice Null, March 20, at which time Mrs. Anna Marie Kilgore and Mrs. Ethel Rule will be the associate hostesses for an all-day meeting.

ENRICHED BREAD

READY FOR YOU NOW

A delicious loaf that's keyed to the Nation's Health and Welfare Program

America's top ranking nutrition experts speak! They recommend a better, more nourishing bread. They insist it be enriched with Vitamins and Iron for better national health. When bread—a food used by everyone—is thus enriched, it will play a new and important part in keeping America vigorous and ready to meet the stress of troubled times.

This new NICKLES' ENRICHED loaf . . . truly a SUPER-BREAD . . . is ready for you TOMORROW! You'll enjoy its delicious, wheaty flavor . . . you'll benefit from its EXTRA nourishment. It's just the kind of tender, fine-textured white bread you prefer. So ask for NICKLES' ENRICHED White Bread by name . . . and get bread . . . PLUS!

Nickles ENRICHED WHITE BREAD

HERE'S THE STORY BEHIND THIS NEW ENRICHED BREAD

1st: The Food and Nutrition Committee of the National Research Council urged millers to produce vitamin and iron enriched flour immediately.

2nd: Following this "go ahead" signal, the Millers National Federation promptly announced that enriched flour would be available without delay.

3rd: The American Bakers Association proclaimed that the baking industry was most anxious to cooperate with the new nutrition program sponsored by the Federal Government and urged all bakers to make Enriched Bread available for the benefit of their customers, immediately.

Here is the New Enriched Bread—Ready For You!

Each loaf contains a minimum of:
THIAMINE (VITAMIN B1) 1 mg. The "Morale Vitamin," essential to normal nerve functioning; promotes growth; is needed to help the body turn carbohydrate foods (starches and sugar) into useful energy. • THE P-P FACTOR (AN ESSENTIAL OF THE VITAMIN B COMPLEX) 4 mgs. Helps maintain normal functioning of the digestive tract and of the skin. IRON—4 mgs. Needed to help the body build red blood cells.

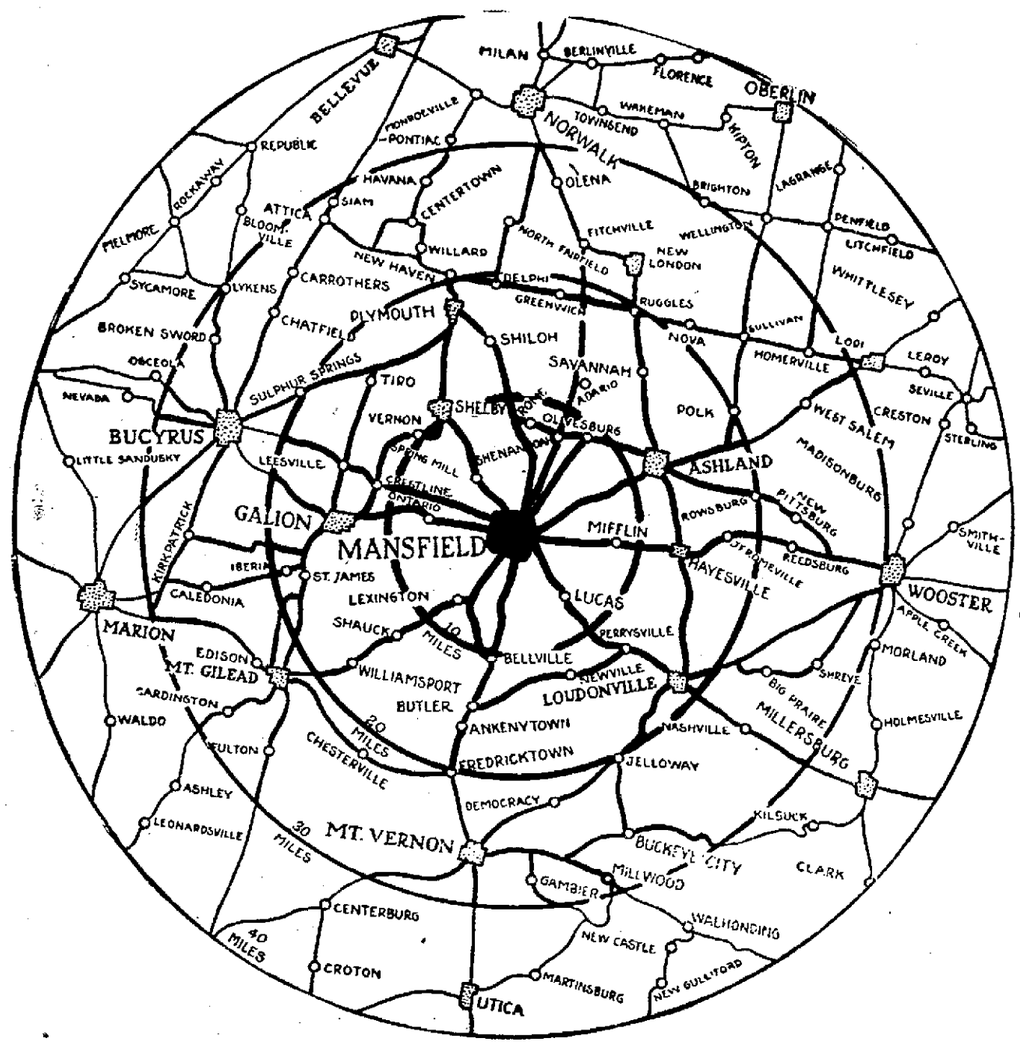
The MANSFIELD MARKET



AN IMPORTANT "TESTING GROUND"

USED TIME AND AGAIN BY

National Advertisers

And "Why Should National Advertisers Choose Mansfield for Test Advertising and Merchandising?" The answers are many. Mansfield has been selected on various occasions as "a typical small American city," as "America's greatest small city," as "Ohio's fastest growing and best small city,"–the facts support these designations, for in truth Mansfield both as a city and a market enjoys a unique position in comparison with other sections of the state and country.

The Mansfield market has balance. Industries in Mansfield are diversified and have provided a steadily growing level of employment for the people of Mansfield and for many in nearby communities. Good business is not a thing of recent months here, Mansfield has been "good" all the way. Likewise, urban communities in the Mansfield Trade Area,–Galion, Bucyrus, Ashland, Mt. Vernon, Shelby, Crestline, Loudonville are not "depression dead" towns, but thriving, growing communities, whose people look to Mansfield as their nearest center with city advantages. All the benefits of rich, varied Ohio farming accrue to the Mansfield market, – for its topography ranges from rolling grazing lands of Appalachian foothills, to grain-rich prairies and muck-lands intensively diverted to vegetable cultures.

Mediums of merchandising to the Mansfield market are ideal,–adequate transportation facilities, an abundance of attractive, modern stores of all kinds, conveniences designed to win and hold customer favor, and the opportunity of presenting to ALL the MARKET a merchandising story by ONE ADVERTISING MEDIUM, The MANSFIELD NEWS-JOURNAL, published both DAILY and SUNDAY.

Mansfield Is a Fine Test Market Because It Is So Typical of American City Progressiveness!!

THE NEWS-JOURNAL

SERVES

MANSFIELD

and North Central Ohio

DAILY and SUNDAY

In the homes of Mansfield and its Trade Area, The News-Journal is as much a part of the scene as the dog curled before the fire, as salt on the table or the fancy shell Uncle Henry brought home from the Buffalo Exposition. The News-Journal stands as every family's dail, contact with the great things abroad in the world and contact, as well, with the homey little things happening to the folks close about us. Things presented in The News-Journal are read, respected and, most important, responded to with enthusiasm.

The Mansfield Chamber of Commerce and The News-Journal have market information available at all times for interested persons or concerns.

MARKET FAILS TO ESTABLISH RALLY TREND

Selling Negligible and Some Stocks Show Rising Inclination Today.

NEW YORK—While selling was negligible, the stock market was unable to establish a real rallying trend in today's quiet proceedings.

Mild rising inclinations occasionally were exhibited by Republic Steel, Youngstown Sheet, General Motors, Anaconda, Kennecott, General Electric and Westinghouse.

Among early laggards were U. S. Steel, Bethlehem, American Telephone, Sears Roebuck and Woolworth.

Market followers saw further confirmation of the industrial swing in the Dun & Bradstreet compilation of bank clearings in 23 cities for the week ended Wednesday disclosing substantial increases over the preceding week and the comparable period a year ago.

Notice was taken of the New York stock exchange figures showing the average price of all shares listed as of Feb. 28, declined to $27.08 from $27.68 on Jan. 31 and $31.96 at the end of the second month last year.

THEATERS

Romance of Society.

"Free and Easy," based on a New York stage hit by Ivor Novello, is a lilting romance of high society, dealing with the gay adventures of a couple of debonair fortune hunters in the smart set. This film showing at the Ohio through Friday, stars Ruth Hussey and Robert Cummings. Elaborate social functions, gorgeous clothes, the races and fashionable casino life are seen in this movie.

* * *

Stage Show Closes.

Tonight closes the stage show, Studio Scandals, showing at the Madison. The cast of 35 give a varied entertainment, featuring the Lucky girls. On the screen is "Ride, Kelly, Ride," a story of the race track. Coming Friday for one day only is "Blonde Inspiration," featuring John Shelton, Virginia Grey and Marion Martin. This is a comedy revolving around a young writer's efforts to get his name before the public.

* * *

Mystery and Western.

Beginning Friday at the Ritz will be "Under Texas Skies," starring the three mesquiteers, and "Private Detective" with Lloyd Nolan playing the familiar role of Michael Shayne. Based on a novel by Halliday, the story has Shayne as the wise-cracking sleuth who solves one of the most perplexing mysteries of the year. Marjorie Weaver is cast opposite Nolan.

* * *

Song Title Taken.

Titled after the recently revived song favorite, "I'm Nobody's Sweetheart Now," the gay comedy romance with music is the feature at the Park. Featuring a cast of young screen favorites the cast includes Dennis O'Keefe, Constance Moore, Helen Parrish and Lewis Howard. Co-attraction is "Trailing Double Trouble," presenting the range busters, Corrigan, King and Terhune.

* * *

Dramatic Love Story.

The all-consuming love of a woman for a two-fisted, irritable brute, is threaded throughout the dramatic story, "Full Confession," showing Friday and Saturday at the Majestic. Victor McLaglen, Sally Eilers and Joseph Calleia have the leading roles in the picture. Co-attraction is "Across the Sierras," starring Bill Elliott. Again Bill participates in the trapping of various bad men of the old west.

COUNTY WAITS U. S. APPROVAL ON PROJECTS

Engineer Says $191,000 In Proposed Program of Road and Bridge Work.

While he expects the county road program to be curtailed this year due to lack of funds, County Engineer Howard C. Sword today was awaiting federal approval of road and bridge projects totaling $191,000 for 1941.

Plans he submitted to the federal government call for construction of 34 miles of county roads at a cost of $103,000, resurfacing of the Mill Run road for $28,000 and a bridge project amounting to $60,000.

The projects would provide jobs for about 200 men for approximately four months.

With the sponsor required to finance at least one-fourth of the cost, the county would be required to contribute $47,700 to the total cost of the work.

Sword said that due to the uncertain future of WPA, the county may get approval of only one or two of the projects.

"It's not entirely a question of funds," Sword said.

"We may have trouble getting enough men to handle the work."

The engineer added that he hoped the bridge project will be continued even if the other projects do not get government approval.

Dozens Replaced.

In recent years the county, with WPA help, has replaced dozens of unsafe bridges with new cement structures and at the same time has provided work all year for scores of men. County WPA employment now is at the lowest mark in recent years with only 20 men employed on bridge jobs, Sword said.

Asserting that "the county will have to do some economizing on its road work this year," C. L. Mitchell, chairman of the board of county commissioners, said, "times are too uncertain to do much spending except for necessary repairs."

Pointing out that the county has spent heavily for road projects in the past two years, Mitchell said the commissioners probably would not call township trustees for the usual conferences on road plans this spring because the county will not be in a position to offer them much help.

PURDUE UNIVERSITY SPEAKER TO TALK TO FOREMEN'S CLUB

Mansfield-Shelby Foremen's club members will hear a talk Monday night by Russell J. Greenly, head of the department of trades and industries at Purdue university, at their monthly dinner meeting at the Mansfield-Leland hotel.

Greenly, who has been active in the organization of industrial training courses for large concerns throughout the middle west, will speak on "Modern Developments in Supervisor Responsibility."

A teacher in high schools and colleges for the past 20 years, Greenly formerly headed the vocational department at Akron university. He helped to organize training programs for the Ohio Public Service company, Goodrich Rubber company, Carnegie-Illinois Steel company, Inland Steel company, the Hoover company, and other large firms.

The program Monday night will also include an educational motion picture and musical entertainment in charge of the Empire Sheet and Tin Plate company

The program will follow a dinner for club members at 6:30 p. m. in the hotel ballroom

Women Have Part In 21st Scouters' Parley Saturday

twenty-first annual Scouters' conference Saturday, at Mansfield Boy Scout headquarters, for the first time in the history of the movement, according to Floyd Dent, area executive.

A Cub program for Den mothers who guide pre-Scout boys in the age group from nine to twelve will be held at the conference. The Cubbing section will be under the direction of William Parnell, of Shelby, and William Kellogg, of Ashland. Approximately 25 Den Mothers have signified their intention of attending the conference, according to Dent.

Theme of the annual conference, which is for all Scouters in the Johnny Appleseed area Council will be a program of action. The program is designed as the Boy Scout movement's contribution toward "strengthening and invigorating Democracy."

Perle L. Whitehead, deputy regional Scout executive will speak at the conference which opens Saturday at 2 p. m. His subject will be "The Program of Action." Other speakers include, C. G. Silcott, C. I. Kimmel, F. R. Stahl, and C. G. Hillier.

LORAIN—(AP)—Mumble something and walk away dep't—the Raven's club wrote to a newspaper column asking the name of a young woman who skated in a maroon and white ski suit and described as "the prettiest girl in Lorain."

Answering, "R. C." agreed she was the prettiest girl in town, gave her name as "Nina" and added: "I should know she is gorgeous because she is my wife."

HOW TO GET OUT OF DEBT IN 1941...

First, total up all your bills and debts. Add in the things you need to buy.

Second, arrange a cash loan large enough to cover old bills and new purchases, too.

Finally, after you have everything in one place to pay, start cutting down your loan as fast as you can. Pay cash, as you go, for your day-to-day needs. Drive bargains. Save money, and apply the savings onto your loan. It's the sure way out of debt. Start now to get ahead.

FATHER JOHN'S MEDICINE

85 YEARS FIGHTING COLDS

Two good mixers are better than one

THERE you sit, watching the long road ahead as it dips and rises.

Under your feet there's a quiet whispering, to let you know that all eight able Buick cylinders are happily on the job.

You're giving not a single thought to what's happening under that long bonnet nosing out in front, but here's what's going on:

Instead of the single, compromise-size carburetor you find on most cars, this Buick FIREBALL eight with Compound Carburetion* has *two* good mixers on the job.

A single one of them—the front one—keeps you rolling smoothly, easily, quietly, on the very minimum rationing of gasoline.

But the other carburetor is alert and ready for any sudden need. Just tramp down on that accelerator pedal—it goes into instant action, giving you *more* fuel and *more* power for *any* emergency purpose!

It's almost like having *two* engines—one to handle normal requirements thriftily, another to team up with the first for extra oomph and wallop when you want it.

That kind of teamwork pays.

And owners by the thousand will tell you *it's more economical too*—as much as 10% to 15% more economical.

If you haven't experienced what it feels like to have that under the bonnet of your automobile, better go have that Buick demonstration now.

*Standard on all Buick SUPER, CENTURY, ROADMASTER and LIMITED models, available at slight extra cost on all Buick SPECIAL models.

TROOPS MASS NEAR BORDER OF BULGARIA

Sofia Sees Invasion Attempt Due at Any Hour, Bombers Based Near Frontier.

(Continued From Page 1)

many's march ever deeper into southeast Europe.

With Adolf Hitler's armies now massed within 100 miles of the Dardanelles, Turkish newspapers declared:

"Unless Russia has decided to commit suicide, she will not let Germany come near her life-giving arteries. The Dardanelles are as important to Russia as to Turkey."

The Dardanelles, linking the Black Sea to the Mediterranean, provide a Russian outlet to the western world.

Government quarters in Bucharest acknowledged that Rumania had received a communication from Moscow—a message which high diplomatic sources declared was a virtual ultimatum to Rumania to cede naval bases on the Black sea to Russia.

If true, two sharply divergent explanations arose:

1. Since Rumania is German-dominated, it may have been a thinly-veiled warning to Germany to beware of jeopardizing Russia's Black sea interests.

2. Or, cession of Rumania Black sea bases may have been Russia's "price" for giving Germany the green light in the occupation of Bulgaria.

At the time Nazi troops set off for Bulgaria, Rumania mobilized a million reservists and dispatched them to the Russian border to replace German units withdrawn.

One theory expressed then was that, in her role as "protector" of Rumania, Germany would have been embarrassed by the presence of German troops on the Soviet frontier if Russia made further demands on Rumania.

Diplomatic action continued apace in the nervous Balkan capitals. Britain was said to be putting heavy pressure on Yugoslavia to keep her out of the Axis; Turkish government quarters were quoted as saying Turkey's policy of loyalty to Britain had not altered by a recent message from Adolf Hitler; Premier General Ion Antonescu of Rumania summoned an emergency meeting of his cabinet after a hasty conference in Vienna with Reichmarshal Herman Wilhelm Goering.

In the far east, an official announcement in Tokyo said France and Thailand had agreed "on the principal points" of the Japanese mediation plan for settling the Thailand-French Indo-China border dispute.

The announcement, made jointly by Japan, France and Thailand, said the remaining points "likely will be settled within a few days."

There was little air activity in the battle of Britain. A few bombs dropped on a south coast town in England but the government said there were no reports of casualties or damage. A British flying boat was said to have shot down one Nazi bomber and damaged another in an encounter at sea.

The London admiralty issued a statement ridiculing German and Italian claims in the war at sea.

The admiralty said the Axis had claimed destruction or serious damage to 34 British battleships or battle cruisers—and that Britain had only 15 such ships at the outbreak of the war.

France's mystery man, Gen. Maxime Weygand, commander of 500,000 troops in Africa, was reported en route to Vichy for conferences with Chief of State Marshal Philippe Petain—presumably connected with threats of spreading war in the Mediterranean theater.

Speculation arose that he might be concerned over Germany's intentions in Libya, where Nazi troops apparently have taken over the task of attempting to halt the westward sweep of Britain's imperial army of the Nile.

After a 4-week lull, dating back to the British capture of Bengasi on Feb. 6, Premier Mussolini's high command reported "intense reconnaissance activity on land and in the air" in the North African desert campaign.

The only detail disclosed, however, was that German planes bombarded a British air base.

In East Africa, the Fascist high command said, Italian troops counter-attacked the British in the Cheren sector, 42 miles from Asmara, the capital of Italian Eritrea, and captured prisoners.

Report Jugoslavia Makes Peace Effort

BELGRADE —(U.P.)— Jugoslavia was reported today to have launched a desperate effort to make peace between Greece and the Axis and thus keep free of entanglement in Balkan war.

According to reports which circulated in well informed quarters here, this attempt was being made by Prince Regent Paul, himself.

If peace could be obtained between Greece and the Axis, Jugoslavia, not yet committed either to the Axis or to Britain, might be able to pursue her policy of neutrality.

It was reported that Prince Paul launched his effort at a conference with German Foreign Minister Joachim Von Ribbentrop and Italian Foreign Minister Count Galeazzo Ciano.

This conference, it was said, was held at Paul's country estate at Brdo, Slovenia, Tuesday. Repeated reports that Paul met Axis representatives there have been uniformly denied here.

The Greek government, it was said here, was informed of Paul's intention to offer his services as an intermediary.

The Jugoslav peace effort came as Sir Ronald Campbell, British minister to Belgrade, prepared to confer with Jugoslav officials in a final effort to persuade Jugoslavia to stay out of the tri-partite pact.

Brand Report of Red Port Demands False

LONDON —(AP)— Authoritative British sources said today their information indicated reports of a Soviet Russian demand for Rumanian ports on the Black sea probably were false and German propaganda.

These sources said such propaganda might serve Germany's end " by suggesting that the Balkans have something to fear from Russia from which Germany would be glad to protect them."

They said it would be possible for British forces to attack the Germans inside Bulgaria without declaring war on Bulgaria.

A Russian source in London said he knew nothing about the reported Russian ultimatum and expressed belief the report was untrue.

OPPOSE AID AMENDMENTS

Administration Senate Forces Face Major Test; Passage Called Assured.

(Continued From Page 1)

lieved such a restriction might encourage Japan's expansionist "new order" program on the Orient.

Supporters of the British aid measure regarded the Ellender proposal as a No. 1 vote-getter, conceding that it probably would develop the high point of opposition strength.

However, Chairman George (D.-Ga.) of the senate foreign relations committee said "I am sure we have the votes to beat the Ellender amendment," and Democratic leader Barkley of Kentucky predicted it would be rejected, with as many as 10 votes to spare.

On the other hand Ellender claimed a majority of from one to three votes.

Likely compromise amendments included one by Senator O'Mahoney (D.-Wyo.) to state that American armed forces should not be used to deliver war equipment abroad and one by Senator Clark (D.-Mo.) to forbid the use of any funds appropriated under the legislation for the transportation of soldiers or sailors outside the western hemisphere.

Senators Wheeler (D.-Mont.) Johnson (R.-Calif.) and Nye (R.-N.D.), key oppositionists, agreed the senate would not reach a final roll call on the bill this week, but all conceded that passage was assured.

An Associated Press poll showed 55 senators now committed for the bill, 25 against and 15 uncommital. Since the poll was first taken two weeks ago supporters have gained three votes and opponents five. One senate seat is vacant.

Poll Shows Definite Majority for Bill

WASHINGTON—(INS)—A poll of the senate disclosed today that the administration has 57 votes, a definite majority, committed for passage of the lease-lend bill.

The administration's strength was substantially increased in the last few days with the following committing themselves for the bill: Democrats, Herring, Ia.; Kilgore, W. Va.; Walgreen, Wash.; Downey, Calif.; Hatch, N. Mex.; and Republican Brewster, Me.

With the senate membership at 95, the latest lineup is: for—49 Democrats, seven Republicans, and one independent. Against—17 Republicans, 10 Democrats, and one progressive. Non-committed, or unannounced, six Democrats, and four Republicans.

Ohio's two senators have split on the bill. Sen. Harold Burton is recorded as favoring the bill, while Sen. Robert A. Taft is one of the opposition leaders.

Italians Told to Close Consulates In Two U. S. Cities

(Continued From Page 1)

can consulates in some German-occupied countries.

Italy has more than 60 consulates or consular agent offices in the United States.

The American consulates at Naples and Palermo were ordered closed by the Italian government along with all other foreign consulates in those cities on the ground that they were within military areas.

Whether they have already been closed has not been learned here yet but it was planned to transfer the personnel to the Rome embassy.

The Italian government also has restricted the movements of American Ambassador William Phillips and his staff in Rome, as well as American correspondents.

The Italian embassy here, denying published reports that Italian consuls in this country were engaged in political activities, issued a statement last October that the consuls had always strictly limited their activities to their legal consular functions and that Italian nationals had kept apart from any so-called "un-American activities."

pupils might abandon classes before the day was out.

The principal of one school reported that fires, ordinarily banked for the night, had been extinguished before dawn and officials of another, housing 950 children from 5 to 12 years of age, said ventilating ducts were opened.

L. J. Nolan, business manager for the AFL-Affiliated Local No. 20, Union of Operating Engineers, notified authorities last night that 70 members had voted not to report for work today. He quoted demands for pay increases and said an employe-reclassification survey promised six years ago, never had been taken.

Some 4,000 pupils at Withrow high school were dismissed at 9:30 a. m. when temperatures dropped from 60 to 63. Teachers there and in other schools were bundled in their street wraps.

Supt. C. V. Courter notified officials that "all schools and class rooms except those heated by stoves" would dismiss children "if and when the (room) temperature falls below 68 degrees."

Others heated by stoves, including "colony houses," would not be closed, Dr. Courter said.

AKRON—(AP)—Threat of a gasoline strike in adjoining counties today spurred negotiators seeking to settle the week-old dispute which has closed virtually every filling station in Summit county.

AFL drivers transporting gasoline from storage depots to stations walked out here to enforce wage demands. Now truckers hauling to Canton, Massillon, Alliance, Dover and New Philadelphia stations in Stark and Tuscarawas county have threatened to join the strike unless pay demands are met.

CLEVELAND —(AP)— Machinists at the Apex Electrical Manufacturing Co. scheduled a meeting tonight which may bring an end to a seven-week-old strike.

Matt Demore, spokesman for the AFL unions, said workers would reconsider a contract rejected Saturday because it made no provision for the AFL moulders.

The way was cleared for a settlement yesterday when the moulders ratified contract terms. It was understood some wage adjustments had been made.

About 80 moulders and 700 machinists have been on strike for higher wages and other concessions.

The company makes washing machines and has a subsidiary plant at Sandusky, which was not affected by the dispute.

SCRAP ON DITCH FEES FAILS TO CONCERN BOARD

Commissioners Here Declare Fees Here So Small They Can't Be Troubled.

Threats to seek repeal of the county commissioners' salary increase law because a number of commissioners opposed repeal of their ditch fee law caused Richland county commissioners little concern today.

The threats were voiced before the house committee on organization of state government at Columbus by Rep. William E. Ashbolt, Lorain county Republican, sponsor of the bill to repeal the ditch fees commissioners draw for viewing ditches and conducting hearings.

The three Richland commissioners, C. L. Mitchell, Ray Hout, and Guy Stewart, said it made little difference to them whether the ditch fee bill is repealed since they receive only a few dollars a year from the fee.

Commissioners said they received only $20 each in ditch fees last year and the most they ever collected in fees was $120 a year. They pointed out, however, that commissioners in smaller counties frequently receive a much larger amount for handling ditch projects while their salaries are considerably below the Richland county scale.

Hout and Stewart, re-elected last November, received salary increases of more than $1,000 each under the new law which sets commissioners' pay on the basis of their county population.

"There is a certain group of commissioners that want to double-cross us." Ashbolt declared in presenting his measure.

"They want to grab, grab, grab every nickel they can get their hands on."

County Commissioner Oscar G. Dunn of Lorain county, a past president of the county commissioners association, asked repeal of the ditch fees in order to carry out a "solemn promise" made by the association at the time a bill was passed authorizing the flat salary increase.

"I am opposed to any fee system. It is not good practice or good business," Dunn declared.

"If you are not satisfied with the present salaries you get, I'll introduce a bill to restore your old salaries," Ashbolt said.

Former Rep. P. E. Ward of Geauga county, who sponsored the salary increase bill in the legislature four years ago, corroborated Commissioner Dunn that the county commissioners association had promised to forego the ditch fees to get the straight salary increase.

"The promise was definitely made and I think it should be kept," Ward said.

Commissioner Elmer Valentine of Darke county said he would be for the bill a hundred per cent if fees now charged were turned into the county general fund.

Unable to determine whether the Ashbolt bill would repeal payment of the fees or just their payment to the commissioners, and whether incumbent commissioners would be affected by the repeal, the committee gave the measure to a sub-committee to obtain attorney general opinions and other data.

100 Officials Hit Plan To Drop Fees

LIMA —(INS)— Proposed legislation to abolish payment of ditch inspection fees to county commissioners was condemned today in a resolution adopted unanimously by more than 100 officials of midwestern Ohio counties. Walter Ralston, of Butler county, president of the Western Ohio County Officials' association, presided at the annual winter meeting.

THREE ROUTED AS HOME BURNS

Suspect Jailed After Giving Self Up To Police; Loss Estimated at $3,000.

(Continued From Page 1)

Carew estimated the loss at nearly $3,000. Approximately half of it was covered by insurance, he said. The entire stock of groceries and a bathhouse used by residents of the trailer camp were destroyed with the store and residence building.

Richey was sentenced last week in municipal court to spend three week-ends in jail after he was convicted of assaulting his wife. He was in jail over Sunday and was released Monday morning.

Sheriff Robinson said the assault charge grew out of an argument which occurred when Richey went to the Carew store to get his wife to return to him. She filed the charge against him.

Carew said today he had hired Mrs. Richey to help out in the store after she explained her husband had left her and she needed work. The Richeys have two children.

ping in harbor, British troops and Norwegian marines were landed under cover of fire from the Allied naval detachment.

In hand to hand fighting against the weak German resistance, they killed a German naval officer and six men, took their prisoners including 10 followers of Vidkun Quisling, the Norwegian who helped to deliver his country to the Germans, distributed their foodstuffs and took aboard the Norwegian patriots who at last had the opportunity to escape German rule and fight for their country as part of the Allied forces.

In their raid the British and Norwegian forces sank nine German merchant ships, a Norwegian merchant ship in German service and a German armed trawler, 18,000 tons in all, including one German ship of about 10,000 tons which was fully laden.

OIL MEN NAMED

Petroleum Marketers Pick Four Directors at Columbus.

COLUMBUS —(U.P.)— Four directors were elected to the board of the Ohio Petroleum Marketers association yesterday during the annual convention at Columbus.

Re-elected were John J. Klay, Lima, and W. S. Munson, Bristolville. New members named were J. W. Harsha, West Union, and R. E. Leroy, Franklin.

SHOE DAY SUCCESSFUL

SANTA FE, N. M.—(U.P.)—A "repairable old shoes" matinee was held at a Santa Fe theater in which the price of admission for children was a pair of worn shoes. The shoes were turned over to the Elks club to repair for needy people.

MANSFIELD, OHIO, THURSDAY, MARCH 6, 1941.

What About the 1,320,000 Injured?

POSSIBLY too much emphasis has been placed on the fact that 35,000 persons were KILLED in traffic accidents in the United States last year. Little attention seems to have been paid to the 1,320,000 men, women and children who were INJURED.

After all, the 35,000 traffic deaths represent only around one in 4,000 of the total population but the number of persons injured is approximately one out of every hundred—which is a rather impressive liability.

And, then again, there's a finality about death that is lacking from the type of injuries ordinarily sustained in automobile accidents—fractured skull, broken jaw bone, crushed chest, mangled arms and legs, dislocated vertebrae, face disfigured by cuts or burns.

Even the so-called "minor injuries," from which there is apparent recovery in a few days or weeks, have a tendency to leave effects which are felt for months, possibly years, and from which the victim may never fully recover.

Automobile accidents do not always happen at some far-away place—nor do they always happen to someone else, or to a member of some other family.

The 35,000 persons who were killed last year—and the 1,320,000 who were injured—are now a part of the nation's traffic statistics. The 98 who are to be killed and the more than 3,500 who are to be injured in motor vehicle "accidents" each day this year are not yet known—in fact that estimate can be materially reduced by competent, careful, sober driving; stricter law enforcement and determined steps to weed out habitually reckless, irresponsible and drunken drivers.

Unless the state legislature, law enforcement officials, motorists and the general public co-operate in improving present conditions, slaughter on the highways may be expected to be about the same as last year—possibly worse—in which event YOU, OR SOME MEMBER OF YOUR FAMILY, are as likely to be among the victims as anyone else.

That is why YOU should voluntarily observe traffic and speed regulations—and also why YOU should co-operate in safety activities and insist on traffic law enforcement.

Senate Defers Fireworks Ban

THE STATE SENATE—by a vote of 31 to 1—has passed the bill to ban sale and use of fireworks in Ohio, except for supervised public displays.

However, the bill as passed by the house several weeks ago was amended by the senate to postpone effectiveness until August 1—so that this year's fireworks stock can be disposed of . . . this having apparently impressed senators as more important than avoiding the injuries and deaths customarily caused by fireworks each Fourth of July season.

The bill now goes back to the house for acceptance or rejection of the senate amendment and there is at least a possibility that the postponement feature may be removed as the measure takes final form.

Some idea of the slow progress of public safety legislation is gained by recalling that every session of the legislature for twenty years has considered bills intended to ban fireworks, but manufacturers and dealers had heretofore been successful in killing all such proposals.

Meanwhile many Ohio cities had passed ordinances to prohibit the sale and use of fireworks but the effectiveness of these local laws was reduced by unrestricted sale of fireworks at roadside stands just outside city limits.

It would be better if the statewide ban against fireworks could be made effective BEFORE this year's Fourth of July—but, if there must be a final placating gesture to the fireworks interests, it is at least gratifying to know that next year will bring accomplishment of a very sensible objective.

Elections Still Cost Too Much

A SPECIAL grand jury which has been investigating campaign expenditures in the 1940 election arrives at two conclusions. First, an excessive amount of money was spent on winning votes and influencing people. But, second, it was collected and expended without clearly breaking the law which was supposed to control such matters. There appeared to be no ground for indictments under the Hatch Act or the Federal Corrupt Practices Act. The grand jury recommended that better and enforceable laws be enacted for this purpose soon in order to curb campaign expenditures.

This is something in which the public ought to be keenly interested. The wise voter, looking over some of the officials he helped elect last year, wonders whether they didn't cost more than they were worth. The better functioning of our democracy requires that candidates be chosen for their fitness and not because their party spent lavishly on publicity and entertainment.

Cod-Liver Oil Shortage

PRESENT domestic production isn't equal to the task of supplying the nation with as much cod-liver oil as it is accustomed to consuming. Almost 95 per cent of the oil normally used in this country has been imported from areas now closed by war. Supplies on hand are being depleted with no hope that they can be easily replaced.

All this is related to national defense. The Defense Commission is urging the development of substitutes for the oil so that children will not be deprived of its vitamins, A and D. There are other fish oils rich in these vitamins, and D can be produced in a synthetic form by irradiation of certain substances.

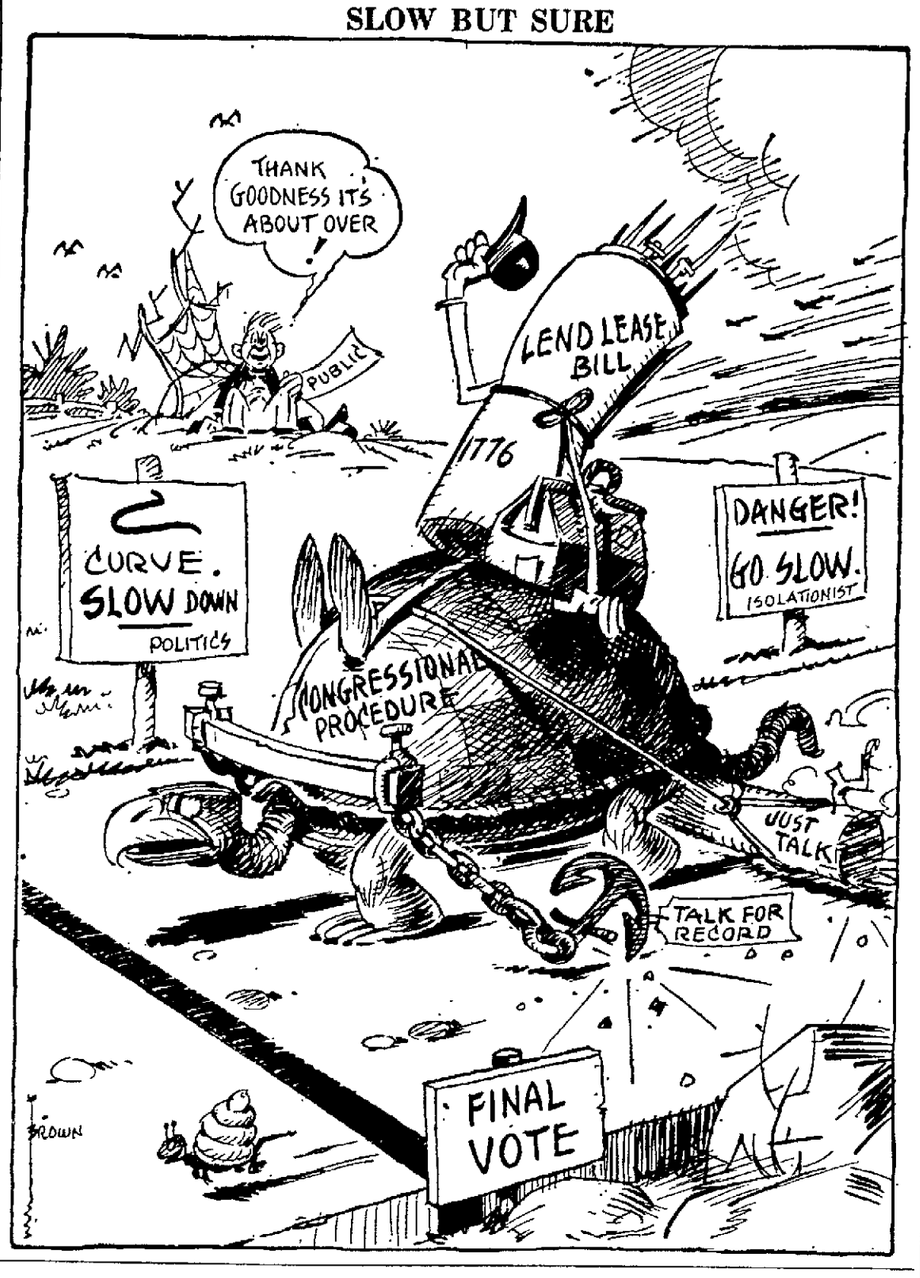
Ordinarily children do not dislike cod-liver oil until they learn from adults that it is considered disagreeable. They begin to have it regularly while they are still too young to protest, and they are inured to it by the time they might refuse the daily dose. And what it has done to rickets, chronic bronchitis, tuberculosis and other diseases is a pleasure to consider!

An all-metal tourist camp cottage has been devised—and hope is expressed that this isn't intended to include the mattress.

"Tobacco Road" has been cleaned up for the films—but probably not to the extent of becoming "Nicotine Highway."

Another sign of modern progress is Mother smoking a cigaret while doing her ironing.

SLOW BUT SURE



Working to Offset Senate Delay

—By CARTER FIELD

WASHINGTON — There is quite an impression among a considerable section of the population of the United States, very probably a majority, that the senate is fiddling while Rome burns. Don't let it worry you.

Beyond the shadow of a doubt many of the senate orators think they are emitting sweet music. Beyond the shadow of a doubt Rome may be burning. So this is no attempt to convince anyone that the gentlemen who are holding up passage of the lease-lend-aid-Britain bill do not deserve censure from those who believe Rome is burning. To anyone who agrees with President Roosevelt and Wendell L. Willkie that only Britain's heroic fight stands between the United States and war—that Britain's fight is giving the United States time to prepare, and that therefore continued success of Britain will make the difference between the United States being able to defend itself and not—the oratorical fiesta in the United States is little short of treason.

There is no thought here of discussing the merits of that particular controversy. Most people have rather firm convictions on the subject. In fact, most people long since stopped reading editorials and editorial articles which take the opposite slant from those they themselves hold.

The point here is not WHETHER the filibusterers in the senate are justified in their actions or whether they are thought to be performing as great a disservice to their country as the Popular Front Government of France. It is whether the actual results of the delay they are occasioning are as tragic as their critics are saying.

* * *

FROM the Administration standpoint, Rome is burning, and the Senate is fiddling. But Chief Roosevelt, of the administration fire department, is acting just as though the musical program on Capitol Hill had ended.

Bluntly, the president has directed activities which may come dangerously close to the exercise of dictatorial powers in getting ready to act the moment the bill is enacted. It is no secret, for example, that contracts have been prepared so that they can be let the moment the bill becomes law—and that these contracts aggregate three billion dollars!

But isn't that just so much delay, one may ask, since the contracts cannot be let UNTIL the bill becomes law, so that the more speeches the longer it will be before Britain gets the needed aid?

The answer is no. Under normal conditions, government departments do not negotiate with contractors until the appropriation is signed, sealed and delivered. This time government officials and corporations which will take the contracts have agreed on plans, specifications and prices, in some instances, and are approaching such agreements in others.

* * *

NOT only that, but a good many corporations have been given government aid in the form of priorities for defense materials; they have actually bought steel, aluminum, arranged for machine tools, etc. And meanwhile, which is the most important factor of all in any discussion of delay, the bottleneck industries are operating at their maximum capacity anyhow.

By bottleneck industries is meant steel, aluminum, machine tools, airplane and motor makers, etc. These, and all plants capable of producing guns, tanks, shells, ships, etc., are handicapped only by labor troubles, not by the delay in passing the lease-lend bill.

Faith Can Triumph

—By ELSIE ROBINSON

A DOCTOR has written a book. Frankly, doctors' books are not my favorite treat. There's something terribly demoralizing about the average medico's broadcast. You may have suspected beforehand that you're not so hot, either here or hereafter, but you've tried to duck the issue.

Then along comes Ye Scientist and not only confirms your worst suspicions, but rolls right over you with his six-bit words and sixteen-cylinder cynicism. All you mean to that lad is a Perfectly Dandy Case of Multiple Tumor.

But not so to Dr. James T. Nix who, despite a full time career in surgery, believes firmly that fighting faith is greater than any medical formula and may survive triumphantly even the sickest flesh . . . even that final deliverance we call death. Which assurance leaves you feeling pretty swell, even if you still have that ingrowing toenail.

Dr. Nix's book is no pretty palavar by an optimistic amateur. No man has ever faced grim reality more frankly or frequently. He is clinical professor of surgery in the Louisiana State University of Medicine and founder and head of the J. T. Nix Clinic. He has also served as director of the Oscar Allen Tumor Clinic. Dean of the Graduate School of Medicine, Louisiana State University and medical advisor of the Catholic Hospital Association of America. Besides being a first lieutenant in World War One, which should make him take life on the down beat, if anything could. But there's no down beat in his small but uplifting book, "A Surgeon Reflects" (Louisiana State University Press, Publishers).

Here is a candid discussion of disease, the causes and possible cures of disease from the scientific viewpoint. But here is also an indomitable belief that life is greater and infinitely more lasting than death. . . . that fighting faith is far more powerful than fragile flesh and can produce mysteries and marvels beyond the scope of any human medicine.

We need this book these days. We are bewildered and bedeviled by fake philosophy and materialistic codes. Our hearts are homesick for hope. The fog of doubt is in our weary brains, the stink of despair in our nostrils. It is so easy to surrender to it all, become indifferent, seek cheap and futile escapes.

BUT HERE IS A MAN WHO HAS DARED TO LOOK AT THE WORST THAT THIS WORLD CAN SHOW OF FEAR AND AGONY AND MURDEROUS HATE, YET STILL DARES TO BELIEVE THAT LIFE CAN BE A PROUD AND PASSIONATE ADVENTURE . . . AND THAT, THROUGH THE WONDER OF FAITH, WE CAN BE "CAPTAINS OF OUR SOULS." EVEN THOUGH WE WALK IN THE SHADOWS.

Read that book. It has already heartened one limping spirit, my own.

Well-Prepared Nazi Army Faces Small British Force In Balkans

—By DREW PEARSON and ROBERT S. ALLEN

WASHINGTON—British prospects in the Balkans are anything but rosy. Confidential figures regarding the strength of the Nazi army give some idea of what the British-Greek forces are up against.

Most people don't realize it yet, but Hitler now has 600,000 men in Rumania and Bulgaria, in addition to the Bulgarian army of 150,000 men. The Bulgars probably won't be used against the Greeks, but will guard the southern border against Turkey.

Against this, the British have one division—about 20,000 men—in Salonika. More are on the way, but it takes time to transport them. The Greek army has been concentrated in Albania, at the extreme western end of Greece. While more forces have been switched to Macedonia recently, it is a tough job for a little country to spread its forces so thin.

Another important factor is that Germany has been preparing for this move three months. The German general staff is the most thorough military organization in the world. Not once in this war—unless it be the reputed attempt on England in September—has Hitler moved until he was completely prepared.

And from the first moment Italy was set back in Greece last November, Hitler has been preparing for his present drive on Greece.

* * *

Macedonia Mud.

IF IT TOOK Hitler three months to prepare, you can get some idea of how long it will take the British to mass a real army in Salonika. Chief hope of the British is airplanes, plus bombing raids on Bulgaria and the Rumanian oil fields from Greek or Cretan bases.

Another hope, perhaps even more important for the time being, is mud. Macedonia in the spring can be the muddiest place in the world. One of the authors of this column once spent days in open trucks stuck on the muddy, gumbo roads of Macedonia. This part of the Balkans is adapted only to the ox-cart, and Hitler's tanks and armored cars are likely to get hopelessly mired.

However, spring in the Balkans has come early this year—in contrast to the very severe winter last year. So the spring rains may finish early. Thus British-Greek fate depends in part on the weather.

Orator Vandenberg.

GENIAL Senator Arthur Vandenberg is one of the most effective orators in the senate. His mind is alert, and he has a command of phrases that makes the galleries lean forward to hear him.

When he had delivered his major effort against the lease-lend bill, he retired to the cloak room, lit a cigar, and leaned back in an upholstered chair. One of his colleagues congratulated him on the speech.

With a mischievous twinkle, Vandenberg replied: "I could have delivered just as strong a speech on the other side."

Senatorial loungers looked up, and Vandenberg added: "I could recite fifty unanswerable reasons why the bill should be passed."

FDR Jr.'s Law Firm.

FRANKLIN D. ROOSEVELT, jr., is only a clerk in the New York law firm of Wright, Gordon, Zachry and Parlin, yet he has already performed yeoman service for one of the partners.

Partner Charles C. Parlin returned from Europe on the same clipper with Harry Hopkins. At Trinidad the British made the usual inspection of baggage. In Parlin's bags they found a moving picture film taken in Germany.

Parlin had visited, had accepted the Nazi invitation to take shots of Berlin areas which the British claimed to have suffered heavily from bombing. The pictures showed hardly a scar.

So the British seized the film and, for good measure, seized all Parlin's other belongings as well.

That evening, Harry Hopkins dined with the governor of Trinidad. During dinner the governor was called to the telephone and told what had been found in the Parlin baggage. Returning to the dinner table, the governor asked Hopkins if he knew this man Parlin.

"Yes," said Hopkins, "he is a lawyer of high standing in New York, and the employer of Franklin Roosevelt, Junior."

Next morning, when Parlin appeared at the air station, expecting to find his luggage confiscated, he learned instead that everything was being returned to him with apologies and best wishes for a safe journey.

America First Broadcasts.

IN ITS hectic, last-minute efforts to block passage of the lend-lease bill, the America First Committee crashed head-on into the same obstacle that silenced the radio voice of Father Coughlin—the National Association of Broadcasters Code.

There was no publicity about it, but big radio stations have quietly been refusing to broadcast recordings of speeches by isolationist leaders, which the committee has been sending out, on the ground that their use conflicts with the code.

Such recordings, under the code, have been interpreted as "controversial," which means (1) that they must be given free time on the air, and (2) that an equal amount of time must be accorded to Lend-Lease proponents by stations airing the anti speeches.

Big radio stations now broadcast so much "deadhead" national defense material—army and navy recruiting drives, special army camp programs, speeches by defense officials, and so on—that they can't afford much additional free time for long-winded debates on aid to Britain.

Result is that the America First Committee in its homestretch drive has had to depend largely on the smaller stations, unaffiliated with the NAB.

* * *

Merry-Go-Round.

"THE trouble with Chip Robert," said Maury Maverick, referring to the Robert company's speedy construction of the Corpus Christi naval air base, "is that he's too smart. He's got more brains than anyone else." . . . Wyoming has just completed a rare exhibition of political unity. The state legislature, finding it had 28 Republicans and 28 Democrats, divided the committee chairmanships, put through a harmonious legislative program. . . . It was the justice department which finally stopped the flow of Nazi propaganda entering this country via Siberia and Japan. It ruled that the mail violated the law requiring foreign agents to register with the state department.

Man About Manhattan

—By GEORGE TUCKER

NEW YORK—The death of Hal Kemp, killed recently in an automobile accident in California, recalls a number of intimate stories about the young North Carolinian whose most successful number, oddly enough, was "Got a Date With An Angel."

When Kemp first started on his musical career he and John Scott Trotter were the only members of the band who could read music—Skinnay Ennis, Saxie Dowell and the others played strictly by ear. It was during this "un-lettered" era of the Kemp saga that the band crossed to Europe via the S.S. Berengaria, and the then Prince of Wales amused himself by substituting at the trap drums. This incident aroused the envy of an English orchestra on board and they promptly heaved a trunk containing all the band's music into the sea. This had little or no effect on Kemp's crew who, unable to read music anyway, went on that night with a typical "by-ear" performance.

* * *

LATER, while playing at the Cafe de Paris, in London, Kemp attended a tea at Lady Milbank's and fell into conversation with a quiet, unassuming young fellow who complimented Hal on the band. . . . "Gee," said Hal, slapping him on the shoulder, "that's fine—come down sometime, and bring the family with you." . . . Later he learned he had been talking to George, Duke of Kent, brother of the present British sovereign, George VI.

Thre was a bond between Kemp and Skinnay Ennis, his vocalist, that lasted right up to the day of Hal's death. Indeed, it was Ennis who took over Hal's band the day of the accident, believing that Kemp would be back on the stand in a few weeks at most. Last year, when Ennis left the Kemp organization to go before the public with an orchestra of his own, he found himself suddenly in competition with his old friend by appearing on a broadcast, the Bob Hope show, that came on the same night, at the identical hour, with Hal's. In this situation Hal could have done any number of things. He chose a sheet of music from the library, scribbled "Hal" across it, and sent it to Skinnay. The name of the piece was "My Time Is Your Time."

* * *

OF ALL the countless numbers Kemp played and recorded, especially while Ennis was with the band, my favorite was "Lamplight," which, incidentally, is included in the Memorial Kemp album, recently issued by Victor. This number had a peculiar subtone effect that—or so I am told—was discovered quite by accident during the pre-amplification era when crooners sang their songs through megaphones. At a rehearsal one day Ennis tripped over the meg, a huge thing, and put his foot through it. Hal reached down, picked up the megaphone, and absently stuck his clarinet into it, playing it with his arms through the holes. The tone quality was so much richer and more mellow that Kemp at once adapted the effect into a phase of his band style.

It was only a little while before he died, during his last appearance in New York, that Kemp was playing a Broadway theater. Martha Stephenson, his wife, usually sat out the numbers back stage, but on this night she walked past the doorman, saying "It's okay—I'm Mrs. Kemp," and started to join the audience.

"No you don't," cried the sentinel, "not without a ticket. You're the seventh 'Mrs. Kemp' who has tried this tonight."

What Age for Mental Maturity?

—By DR. CLENDENING

WHAT is the test of mental maturity?

How far you can plan ahead. This is not original with me. It is emphasized by my friend Walter B. Pitkin in his book, "Escape From Fear" (Doubleday, Doran). The statement needs some analyzing. Of course, we recognize that a child does not plan ahead and that some mature men and women are still children mentally because they go through life from day to day. There seems to be planning in the lives of some animals and plants—the migration of birds, the deleafing of trees in the fall to prepare for the unfavorable conditions of winter—but this is more instinctive habit than deliberate planning.

So far as it applies to human beings, though, I think Dr. Pitkin's statement holds. You can assess your friends on the basis of how they plan their lives. If you have a twenty-year endowment policy, you have a twenty-year mind; if you have paid for a house that will do you for thirty years, you have a thirty-year mind. If you have planned far enough in the future to out-guess the dictators and embroglio in Europe—I would like to meet you.

* * *

R. B. B.:—"I have often heard it said that white flour bread has no nourishment. Is this true? I am using soy bean and whole wheat. Is that better?"

Answer—White flour bread is one of the most nourishing foods on earth. Whole wheat and soy bean flour have more vitamin content but not more nourishment.

* * *

O. B.: — "How many hours' sleep does a person thirty years old need? Is five or six hours enough? People I know say 'yes' but I find I need eight or nine hours.

Answer—Five or six hours' sleep in twenty-four is sufficient for anybody over the age of 30. Most sleeping troubles are not due to lack of sleep but what you think about the amount of sleep you have had. If you think five or six hours rests you, then it is enough. If you get to worrying about whether it has rested you or not, it is insufficient. However, you better not monkey with sleep. If you can get eight or nine hours of sleep do so, and let the rest of the world go by.

English-Speaking People's Political Union Favored

CINCINNATI, O.—(INS)—Fifty-two per cent of the professional men contacted in a poll are definitely in favor of a political union of all English-speaking peoples, with another 35 per cent listed as "doubtful," the Congress of American Professions reported.

However, the 8,500 questionaires revealed that only 30 per cent of the persons polled believed such a union has any chance of adoption. Forty-four per cent said the proposal was doomed to failure, while 26 per cent were doubtful.

Answers to the questions, "Do you think the American Republics, whether or not they are democracies, should be included in any "union of the free?" were 54 per cent affirmative, 26 per cent negative, and 20 per cent doubtful.

Sixty-one per cent said they believed that a League of Nations was preferable to a union of peoples, with 14 per cent undecided.

NEW LINER FOR GREAT LAKES

DETROIT—(INS)—A sleek stream-lined passenger ship, replete with all the features of an ocean liner, including lounges, sun decks and a dance floor, will be put into service on Lake Michigan between Milwaukee and Muskegon, Mich., in May, the Wisconsin and Michigan steamship company has announced.

Described as the finest ever constructed for Great Lakes travel, the ship will measure 361 feet from stern to prow and will be powered by oil-burning motors.

With a passenger capacity of 900, the new vessel is expected to make two round trips a day between states. It will be christened as the Milwaukee Clipper.

About 26 billion gallons of gasoline were produced in 1940.

Fugitive on a Dude Ranch + +

By Stephen Payne

CHAPTER XXVII

Steal the stuff! Nancy had thought of bribing Stuttering Jake, who would be the logical person to take Maxwell's article and protographs to Jimtown for mailing. But could Stuttering Jake be bribed even if Nancy had the money? Besides, Barclay might drive to town first thing in the morning and he'd take Maxwell's precious manuscript.

She had hesitated so long that Cinders Malloy Sturgis spoke again. "I didn't think you would, Bobbie. So forget—"

"But I will help you, Cinders!" The girl gripped the man's hand. It felt as if it were trembling. Or was she only imagining that?

"O. K., Bobbie." Cinders' voice, still low, was suddenly harsh. "Can you find a place to hide the stuff where nobody'll think of looking?"

"Indeed I can. Leave that part to me." Nancy was atingle with anticipation. Although it was wicked to steal, this was quite justified. "How'll we get it?"

Cinders would attend to that. He would get the package or envelope and wrap a rag around it so the paper wouldn't rustle. Then because lights were still burning and a few people moving about, he would slip around through the aspens behind the cabins and come down back of the Lodge to the northeast corner of the cookhouse.

"Wait for me there, Bobbie, and I'll hand you the stuff . . . Is Ike asleep?"

Nancy said Ike Skittles was asleep; she'd heard him snoring. She whispered, "Good luck, Cinders!" and after he had disappeared in the darkness she crossed the kitchen on tiptoe leaving the back door open, the girl stole along the east wall to the northeast corner of the building and there waited, keyed high, thrilled; feeling a bit wicked too.

* * *

Sooner than she had expected there sounded soft steps approaching. This might not be Cinders, so she flattened herself against the wall a few feet back from the corner. The footsteps ceased. Some one was at the corner, holding out some object.

Nancy took from the man a cloth-wrapped bundle and without a word the dim figure went quickly away. Back along the wall and into the kitchen ran Nancy, feeling oh, so guilty. Silently she closed the door. Then, feeling her way along in the intense darkness, she opened Ike Skittles' almost empty flour bin, and shoved the package into it. Next, she opened a fifty-pound sack of flour which lay on the table, and after much struggling emptied it into the bin.

At five this afternoon Ike had brought this sack of flour from the storeroom, saying, "Reckon I'll empty this in the bin." But something had prevented his doing so. Tomorrow morning Nancy would tell him, "I emptied the flour for you."

When the girl was once again in her own room, she heard a faint sound on the Jim Creek bridge. Stepping to her window she made out the dim and shadowy figure of a man slinking across that bridge, going away from the ranch. Was it the tramp—the bean-eating tramp—who'd been hiding in the woods? Should Nancy sound an alarm? It was too late now. The unknown man had vanished.

From sound and refreshing sleep Nancy awakened to the knowledge that another day had dawned on the T Slash dude ranch Ike Skittles was rattling the lids on his stove and some one was rapping insistently on Nancy's door.

"Yes," she murmured sleepily.

Whereupon a feminine voice shrill with emotion cried, "I must see you, Bobbie. Can I come in?"

"All right." Nancy sprang out of bed, while Roberta Rowland slid through the door and closed it behind her. The girl wore a flannel robe over gay pajamas and on her bare feet were fur-trimmed mules. Minus make-up and lipstick she looked pale and frightened.

"I dunno what you'll think of me nor how I can ever pay you back nor anything," Roberta began, her words tumbling over one another. "The most gosh-awful thing's happened and I'm to blame 'cause I never did think of thieves on a ranch. I didn't lock my door and I was plain careless with that jewl'ry of yours I'd have given my eyes to own."

"Not so fast and a little bit lower, please, Marcia," whispered Nancy. "Maybe it isn't so dreadful as—"

"It's worse even'n I think." Tears glistened in Roberta's eyes. "I wouldn't have took off the rings only they cut into my fingers if I slept in 'em."

"What are you trying to tell me?" Nancy started to dress.

"I woke up early 'cause I always had to before I was—was what I really ain't. I thought how grand it was to be a swell lady even if 'twas only make-believe and I looked over at the dresser. . . . They was gone, Miss Farnsworth! All gone, pearls, brooch, bracelet, rings, even your swell wrist watch. Stole!"

Digesting this startling information, Nancy pulled on her second stocking. She had brought her jewels with her to remove temptation from her temporarily blinded and hoodwinked stepmother. She had brought them with her to prevent Hudson Alexander, whom she believed to be a designing crook, from getting his hands on them as well as on—"

"Good heavens!" she exclaimed. "The securities! I'd almost forgotten them . . . Roberta, did you notice if that heavy envelope in the suitcase is still there?"

"It's gone, too," said Roberta. "Was there anything in it of—? Well, I never! Somethin' has jus' plain stunned you, Miss Farnsworth!"

And indeed Nancy felt stunned. She scarcely heard Roberta continue, "It's knocked me for two loops . . . Unless the sparklers are found I dunno how I ever can—Say, after I'm married to Tony maybe I can get the dough to square this with you, Miss Farnsworth."

By a great effort Nancy regained her self-control and surprised herself by the calmness with which she began to soothe and reassure the greatly agitated Roberta.

"Quiet down and act natural," she said to Roberta, as if she were years the elder. "Dear, I won't hold you responsible. It was my idea, this change of identities. I'm to blame. Besides, the jewels will surely be found."

* * *

The jewels! Of how little importance were they compared to those stocks and bonds! However, Nancy had decided to say nothing of this greater loss for the present. The man who had taken her precious stones had also taken the securities. If some were recovered, so would the others be, she reasoned.

The reassured and comforted Roberta said, "That's sure swell of you, Miss Farnsworth. I never knowed a girl like you afore, but you're one hundred per cent with me. And me thinking all of 'em was snooty and narrow-minded and mean . . . There's one thing to the good, though. The darned sneak thief never got the dough you give me. I had it under the mattress, and here 'tis. You take it, 'cause I don't want to lose it, too. Who you guess it was?"

"I've not the slightest idea," said Nancy, pouring water into her wash basin and sloshing it over her face with cupped hands. "Just sit tight and play the game some more, Roberta."

"Okay. Gosh, I feel ten times better since I talked to you. You're a real sport about it. I wish I could do some of this hard work for you, but I don't dast."

"I'll make out. But you send a wire to Wm. F. Waller. Say, 'Come at once. Urgent,' and sign it Marcia."

They went out together, Nancy immediately beginning to help Ike Skittles and Roberta starting back to her cabin. However Cinders, coming across the yard to get the milk pails, met her with a cheery "Good morning, Miss Farnsworth?" And only a moment later Slim Cummings mounted on the wrangling horse, loped over to join these two in the yard.

"Up with the squirrels and the meadow larks this mornin'," greeted Slim. "And say, Miss Marcia, you look better without all that truck on your pretty face 'n you do with it."

"Why so early up, Miss Farnsworth?" Cinders asked

"Boys, I've been robbed!"

Now that the first shock had worn off, Roberta, in spite of Nancy's telling her to take it quietly, was going to make the most of this catastrophe. It placed her once again in the spotlight.

"Robbed!" echoed both young men, and Cinders certainly looked shocked to numbness. After the girl had given her account of the theft, he said grimly, "I've got to get that stuff back for you."

"That goes for me double," Slim declared. "Miss Marcia, that sneak is jus' as good as nabbed right now . . . Eumn? Gabby and Shorty was speakin' about a tramp in the woods only night afore last. I'll bet-cha 'twas that skunk . . . I'll jingle the horses and then—"

Wheeling his mount, Slim spurred up the valley.

"He's sure a nice feller," admired Roberta. "Look at him ride."

"Yeh, a good egg," agreed Cinders, staring. "Not in love with him, are you? Aw, I shouldn't have—"

Tourney Concessions Talked; Fine Arts Club Told About Cartooning.

ASHLAND—A variety of activities at Ashland college this week include a business meeting of the Y. M. C. A. at which time the men planned to take charge of concessions at the county basketball tournament and divide the proceeds with the Men's Gospel team in appreciation for the help they have given the association.

Plans were completed for the district superintendent's visit March 18 when the cabinet will present questions and seek assistance on some of the desired projects. Robert Robbins of Warsaw, Indiana, had charge of the devotional period.

* * *

The Fine Arts club was addressed by Donald Johnston. His subject was "Cartooning."

He displayed some of his work and spoke of this art as the "Jazz" of modern art. He suggested that simplicity is the objective for which to strive in cartooning.

* * *

The student body was entertained by Charles Swartz, Wednesday morning, when he showed films dealing with the making of a Ford automobile. Navy maneuvers and their landing at Hawaii comprised a part of the film. Safe driving was another feature of the pictures.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

LUNCHEONS, PAPERS OCCUPY STUDY CLUBS

Sappho, Philomathian Groups Have Programs on Synthetics; Journey Unit Winds Up Season, Others In Session.

LUNCHEON was served to 28 members of the Sappho club yesterday when Mrs. H. H. Clingan, Mrs. R. F. Cox, Mrs. D. H. Eckert, Mrs. Paul Eliot and Mrs. Claude Ewing entertained at the Women's Club. During the brief business meeting plans were made to contribute to the sending of one girl from the Children's Home to the Y. W. C. A. camp.

Mrs. Lillian Pauley sang "The Swallows" by Cowen, and Mrs. Harry Devine sang "Come Unto These Yellow Sands" by La Forge and "Pipes on the Hill" by Russell Wragg for the "Music in Nature" portion of the program.

Mrs. C. F. Sheriff and Mrs. Eliot then presented a paper entitled "Better Things for Better Living." This was a demonstration of synthetic products made from coal and cotton and other chemical reactions that contribute to better things for better living. A display of a wide variety of synthetic products was featured.

The next meeting will be held March 19 at the club with Mrs. F. E. Rudd as hostess.

Mrs. Paul Stephens, Shepard road, was hostess Wednesday evening to members of the Philomathian club and two guests, Mrs. W. M. Brown of Mansfield and Mrs. Cave Conklin of Cleveland. During the brief business session a contribution was given for the purchase of articles for the Richland County Tuberculosis sanatorium. Miss Katherine Rhoads presided during the absence of the president, Mrs. Francis O'Brien.

The program consisted of an interesting paper prepared by Mrs. Fred Hout and presented by Mrs. Thornton Moore. The topic was "Plastics." Later a luncheon was served from a table decorated with a centerpiece of fruit. Spring flowers were used throughout the house.

On March 19 Miss Katharine Hartman will be hostess for the club at her home, Park avenue west.

Latin Students Conduct Dinner Present Program

Students in the Latin department of Johnny Appleseed Junior high school entertained last night with a typical Roman dinner serving food which was eaten during the Roman period, at tables set as they would have been set. The students were attired in costumes fitting for the times also.

Bud Porter and Mary Norton served as host and hostess, and made offerings to the household gods. George Lake sang "Integer Ditae" and James Smith played the trumpet solo "Gaudeamus Igitur." Katherine Schaller was accompanist for both. Jack Lautsbaugh played "Nos Tres" as a piano selection.

Miss Ruth Dunham of the Senior high school was the principal speaker. Guests in addition to Miss Dunham were Miss Virginia Howard, Miss Margaret Wheeler, Mrs. Louise Seybold, Miss Dortha Shafer, Brooks Huber and Glenn Rohleder.

The committee included Carol Hosler, decorations; Mary Norton, place cards; Olive Wendell, tables; Katherine Ann Schaffer, Hugh Eyerly, program; Gene Fosler, personnel and Robert Soulen, finance. Miss Anita Strauch supervised the affair.

Findley-Anderson Unit Has Family Dinner

There were 30 members and guests present for the family covered-dish dinner of the Findley-Anderson Bible class of the United Presbyterian church which was held yesterday at the church. Arrangements were in charge of Mrs. A. E. Courtney, Mrs. W. F. Miller and Mrs. Dale Friday.

Mrs. Helen Melanson played several piano selections, and the business meeting was in charge of Mrs. George Riel. Devotions were led by Mrs. Edwin Craig. There will be another meeting April 2 at the church with Mrs. Harry Packham and Miss Maud Stewart as hostesses.

REVEAL NUPTIALS AT PARTY AT MRS. HINZ'S

Miss Kathryn Huber, Fred Lewis, Jr., Exchange Vows Before First Congregational Altar Last Sunday Morning.

SIXTEEN friends of Miss Kathryn Huber learned of her marriage to Fred Lewis, jr., during a party given by Mrs. Edward Hinz at her home on the Park avenue west road yesterday evening.

The announcement was made when luncheon was served at a long table centered with a cake in the shape of two wedding bells with the names of the couple and their wedding date, March 2, on top. Silver and white appointments also were used.

The former Miss Huber, daughter of Mrs. Harvey Hubef, 195 Rowland avenue, and Mr. Lewis, son of Mr. and Mrs. Fred Lewis, sr., Pleasant avenue, were married at 8 o'clock last Sunday morning before the altar of the First Congregational church. Rev. Peter Young, pastor of the church, performed the ceremony.

The bride was attired in a navy blue ensemble with matching accessories and corsage of red roses and gardenias. Her only attendant was her cousin, Miss Ann Jeanette Klinger, who wore a beige costume suit with matching accessories. Richard Lewis served as his brother's best man.

Immediately following the ceremony, a wedding breakfast was served at the couple's new home, 500 Bissman court.

Bridge was the diversion at last evening's party, and prizes were won by Mrs. Max Hackadorn and Miss Evelyn Timmons. The honoree received an electrical gift from the hostess, and it was announced that the Misses Betty Jane Yuncker and Kay Glessner will entertain for her next Wednesday evening.

Mrs. Lewis, a graduate of Mansfield Senior high school, has been employed at the Mansfield Commercial Credit company. She is active in music circles of the city and is organist at the First Congregational church. Mr. Lewis also was graduated from the Mansfield high school, and he now is employed at the Hartman Electric company.

Today's Menu.

Escalloped Rice with Cheese
Buttered Broccoli Waldorf Salad
Dutch Apple Pie Coffee

* * *

Escalloped Rice with Cheese.

1½ cups rice
2 minced pimientos or 1 green pepper
1 cup diced cheese
1½ teaspoons salt
6 medium sized onions, chopped
1 can tomato soup or 2 cups tomato juice
2 tablespoons butter
2½ cups water

Fry onions in butter until softened, then add rice, salt and boiling water. Boil until rice is nearly done, then add soup (there should be 1 pint). When rice has taken up all liquid, stir in pimientos and add cheese. Transfer to oiled casserole and bake until browned in 350 degree oven, or stir over low heat until cheese is melted. Serves 8.

Dutch Apple Pie.

1 9-inch pie shell, unbaked
5 apples, cut in eighths
⅞ cup sugar
6 tablespoons flour
¼ teaspoon salt
⅓ cup light cream

Prepare apples, combine dry ingredients; add cream slowly, mixing well. Put apples in unbaked pie shell, pour sugar mixture over them, cover with pie plate the same size and bake until apples are tender in hot over (425 degrees F.). Remove cover and continue baking until apples are lightly browned.

Routine business was discussed at the meeting of the Miriam Rebekah lodge which was held Wednesday evening at the I. O. O. F. hall. Mrs. Marie Huess presided at which time plans were made for a social meeting to be held March 19 in charge of Mrs. Jane Neff. The next business meeting will be held April 2 at the hall when the Crestline lodge will be in attendance for degree work.

HOROSCOPE

For Friday, March 7.

Increasing activity carrying over from yesterday is indicated by the lunar aspects. There may be highly spurred and quick moving enterprise in putting over meritorious and ambitious projects, but be ready for some duplicity, sharp practice or other subtle entanglements. Also there may be petty annoyances, delays and temporary frustrations, but in the end it is possible that public, group or community cooperation will be forthcoming. The high purpose of the goal may decide this.

If It Is Your Birthday.

Those whose birthday it is may be prepared for a year of increasing activity and initiative, with things moving at high tempo to lofty goals of ambition. There should be excellent oportunity for financial gain, with prestige and social standing accelerated.

A child born on this day should be splendidly equipped for a happy, prosperous and useful life. It will be extremely versatile, efficient and lucky although it may have certain ignoble tendencies to be subjugated.

"Pitfalls of Love"

(A Sequel to Marriage Meddlers)

By ADELE GARRISON

I was so shocked at Ronald's aspect that for the fraction of a second I could not find words to greet him. But he cared as little for greetings as he did for his mother's mechanical reproof: —"Ronald! don't you see our guests?"

"Yes, I see them," he almost snarled at her, then sent a weak "Hello, there!" in our direction, and militantly faced his mother again.

"Is it true that Carol is in the house?" he demanded.

"Who told you?" she countered weakly.

"Andy," he returned impatiently. "I woke up and saw the car, and called out the window to Andy setting out plants. He said a man and a woman came, and he was sure Carol was with them. Where is she?"

He was a figure to wring any parent's heart as he towered over his mother, yet giving the impression that he might collapse in a swoon at any second. Thin to emaciation, pallid, unshaven, disheveled, looking as if he had been sleeping in his clothes for days and nights, he was as unlike the debonair, laughing, well-groomed son of the Brixtons who had been Marion's young romantic ideal, as could be imagined.

"Where is she?" he demanded again.

"In my room," his mother answered as if he had drawn the words from her forcibly, "but she mustn't—"

The protest fell upon empty air, for Ronald had turned and rushed from the room, closing the door violently after him.

Helena began to sob, and her husband rushed toward the door.

"I know he's nearly crazy," he said, "but I'll stop him from raising hell with little Carol."

Dicky was at the door before Sam reached it, although he had seemed to move more slowly than the older man, and he flashed me a significent look as he laid a restraining hand upon the other's shoulder.

"Listen Sam!" he said, and there was that in his voice which made the older man drop his hand from the door-knob and give close attention to what Dicky was saying.

"Ronald's in no shape to take kindly to dictation of any sort, Sam," he said. "You may precipitate the crisis you're fearing. And I have a better solution."

His pause was only for an instant, but Sam Brixton's shoulder twitched rebelliously beneath Dicky's hand.

"Let me have it quickly, then," he said. "I won't have him bullying Carol."

"You won't have to." Dicky responded. "But will you let Madge have a go at him? She's outside the family, and he likes her, and I'm sure he'll listen to her."

"I know he will," Sam Brixton almost shouted, and he shot a significant glance at me which Helena did not see, and would not have understood if she had glimpsed it. But I knew that Sam Brixton, even as I, was remembering again that awful time when Ronald, crushed by the prospect of giving up his college career and his hope of marriage to Marion because of his stepfather's financial difficulties, had suffered the despair which now again was his portion.

It was not an emotion, however, which had kept Ronald from facing his new and altered world bravely and planning to go to work at anything to help his parents. I was sure that if he saw anything now that he could do to solve the problem facing him, he would rally his faculties to meet it. What was killing him, I guessed, was something concerning Marion and his relations to her which he deemed beyond salvage.

"It's the very thing," Sam Brixton went on loudly. "Do you think you could try, Madge?"

"Oh, Madge!" his wife wailed. "If you would only try, but I'm afraid Ronald won't listen to you."

"If he doesn't," Dicky said extravagantly, "he's the first she ever tackled who didn't."

I had not waited for his enconium, but was moving swiftly toward the door.

"I'll try what I can do," I said tensely.

"The Authority on Authorities"

PLAY SECOND HAND HIGH

OH, HOW we wish contract players never heard of the old Whist maxims, including "second hand low, third hand high." There are so many times that should be reversed. It would be better if nobody ever tried to get up a rule to cover those situations, or if they formulated a more basic rule, simply this: "Use your head." If those old rules are treated merely as an aid to your thoughts, all right. But when they become a substitute for thought, they can cost more points than they are worth.

(Dealer: West. North-South vulnerable.)

West	North	East	South
Pass	1 ♦	Pass	2 ♣
Pass	2 ♠	Pass	3 NT

Against that bidding, West led the dummy's second suit, his spade 9, covered by the J, Q, and K. The diamond 2 went to the K and the heart J was sent through to the Q. West returned the spade 6 to the A and the heart 9 was ducked by East. Then came the crucial error by East. On the club 2, he played "second hand low," his 6, the 10 losing to the K. West fired back the diamond 9 to the Q, and declarer took next the diamond A and 10 in dummy. When he then led the club 7 to East's now lone Q, West ducked and East was the victim of an end play.

Holding now only the heart A and the spade 10-7, East could take only his heart A and his spade 10, and then had to lead his spade 7 to dummy's 8. Thus the contract was set only one trick.

At other tables in the same duplicate game, the contract was set another trick because East played his club Q on the first round of that suit. This enabled the side to get three tricks in the suit instead of two. East should see that using his Q early would clear the way for whatever West had in the suit, if anything, and could cost nothing if West had nothing in it.

Tomorrow's Problem.

If South bids diamonds and clubs here, and North hearts, the side winding up in 5-Diamonds, why should East resist that impulse to double?

Wife Got FAT— No Longer Attractive LOST HUSBAND'S LOVE

The above headlines appeared in a New York newspaper in connection with a divorce trial that had attracted wide attention: "She was a beautiful woman" one witness testified, "but she got fat and is not attractive any more."

Thousands of women are getting fat and losing their appeal just because they do not know what to do. If you are fat, how would you like to lose some of it and at the same time gain in physical charm and attractiveness—more energy—greater activity?

Why not do what thousands of women have done to get rid of pounds of unwanted fat? Take ½ teaspoonful of Kruschen Salts (a famous English formula) in a glass of hot water every morning before breakfast and keep it up for thirty days. Cut out pastries and fatty meats and go light on white bread, potatoes, butter and cream. Then weigh yourself and see how many pounds you have lost.

A bottle of Kruschen Salts will last you for 4 weeks and costs but little. Ask any druggist for a bottle of Kruschen, plain or new effervescent—sparkling—pleasant—and start today to lose fat. Satisfaction guaranteed or money back.

BROADWAY

—By Dorothy Kilgallen

You Can't Print That.

(A compendium of tales that can't be told with names, because they're too true to print. If you see in them any resemblance to actual persons, living or dead—you've probably guessed right.)

* * *

JONATHAN is one of cafe society's most prominent youths—a conspicuous figure at Armando's at tea time and El Morocco at midnight. He's a pleasant, jovial sort and everybody likes him. His family is good and his bankroll is excellent.

Kilgallen.

Now Jonathan has really never done anything braver than drink a martini at one gulp, but he would like to be a hero. His muscles aren't too tough, but sometimes the Errol Flynn is very strong in him.

Several weeks ago Jonathan took a trip to a middle western state to look over some property holdings of his, and while he was there the governor of the state took a liking to him and made him an honorary "colonel."

It means that with the title and a nickel you can ride on a street car, but the boys who hold the honor have meetings now and then and bend an elbow, and it is all very pleasant, if meaningless.

But Jonathan took it seriously. When he got back to his hotel he registered as "Colonel Jonathan" and insisted that the bellhops and waiters and chambermaids address him as "Colonel." He began saluting himself in mirrors.

When he returned to New York he went to a Madison ave. tailoring shop and ordered $1,000 worth of uniforms. U. S. Army colonel's uniforms.

He began visiting the niteries in his splendid uniforms—until the denizons were dazzled with his brass buttons. No one could quite make out whether he had joined the army or not, but they admitted he was a fine sight.

The pay-off is this: not only has Jonathan no military standing, but even if he wanted to enlist in the army he couldn't. He's 30 pounds overweight, has flat feet, and hasn't a real tooth in his head!

But you can't print that. Jonathan is having such fun. And besides, there's an offense known as "impersonating a U. S. officer."

* * *

A COUPLE of years ago a well known movie actress and an equally famous athlete were sitting at the Atlantic Beach club when a young society girl passed by. She wore her hair in a very long bob, and it hung straight as a poker.

Miriam, the actress, turned to Ralph, the athlete, and said: "Goodnes, I wonder why she wears her hair like that?"

"Oh," tossed back Ralph, "when a girl's as homely as she is she has to do something different to attract attention."

Well, fate is funny.

Miriam went out to Hollywood after that and returned only a few weeks ago to New York. One night she looked up from her table at Monte Carlo and saw Ralph dancing with the straight-haired society girl. "Well," commented Miriam, remembering the beach conversation, "I'm surprised to see those two together."

Her companion looked puzzled. "Why?" he asked. "They've been married only six months."

But you can't print that. Ralph has never told his bride (and maybe he's forgotten) that he ever thought she was anything but beautiful.

* * *

Elsie is one of Broadway's newest singing stars, but a short while ago she was just a girl from out of town trying to get any kind of an engagement.

She was about to give up when she met a lad named Eddie, who fell in love with her and wanted to help her.

They were married, and for a wedding present Eddie invested all his money in a night club near the local airport—a place where his wife could star.

A Broadway coach and "discoverer" of talent dropped in one night to kill time while waiting for his plane, and he heard Elsie sing. "Come with me," he said, "and I'll coach you and help you get a start in New York."

Elsie went. In six months in Manhattan she shelved 15 pounds—and the husband who had given her her start. Soon she starred on radio shows, won record contracts, and got a job in a big Broadway night club.

Meanwhile, Eddie's night club failed. He was penniless when word came that his mother in Arizona was dying. He wired Elsie, asking her to lend him the fare to get to his mother's bedside.

And what did Elsie do? She read the telegram, tore it up, and tossed it in the waste-basket. Then she walked out on the floor into the spotlight and listened to the pleasant sound of applause.

But you can't print that. Elsie's admirers wouldn't want to know. They wouldn't even want to know that there was a husband in her background. After all, she's only 21, and on Broadway a fellow like Eddie is just one of the things a star encounters on her way up—and his way down.

HOLLYWOOD

—By Robbin Coons

HOLLYWOOD—Even after sitting across a table from Jerry Colonna, you find it hard to believe in the reality of his most treasured possession, his moustache.

Even close-up, that gallant, larruping, upstanding decoration looks like something fabricated in a wild moment by a make-up artist. It's real, though, and Jerry hasn't been without it for 16 of his 36 years.

ROBBIN COONS

All those years, many of them before the moustache became an ingredient of his comic front, he has been receiving "double-takes" from incredulous passers-by.

* * *

ONCE Jerry joined an orchestra as a trombonist when he couldn't play the trombone, a deficiency he quickly remedied by hasty study. For several years he made his living at music — in vaudeville (both on stage and in pit), in concert orchestras, on the air. The trombone further justified the moustache, he says. A moustache helps to cushion the lips for performers on any wind instrument, for which reason he still shaves his under-lip sparingly, even though for three or four years he has played the trombone infrequently.

Jerry came into pictures via "52nd Street" after a guest airing with Fred Allen. He was under contract briefly at Warner's, where his bulging, rolling eyes and his fabulous moustachios appeared in a couple of bits—nobody, apparently, knowing what to do with them.

He did better at Paramount, and with Bob Hope on the air. His latest film is "You're the One," his current job the "romantic lead" opposite Judy Canova in "Sis Hopkins." (If Republic hasn't picked Judy's next story, they can have this tip free: Why not a burlesque musical of "trilby," with hypnotic-eyed Colonna as Svengali—singing in his own distinctive "grand opera" style?)

PUSH WORK ON S. BOULEVARDS SEWER PROJECT

Workmen Finish Installation of 1,200 Feet of Line In $112,000 Improvement.

Despite inclement weather which has hindered work on the South Boulevards $112,000 sewage system project, Kenneth P. Shaffer, consulting engineer said today that 1,200 feet of the main interceptor, 12-inch pipe line has been installed on Valley avenue and Sunset boulevard in the village. A lateral eight-inch line also has been laid north to Cook road, Shaffer stated.

The 12-inch main interceptor is within 500 feet of the site of the treatment plant for which the rough excavation work has begun.

Other work now in progress is the rerouting of a small stream into which sewage will flow after it has received primary and secondary treatment at the plant, Shaffer said.

Work on the project began Jan. 20. Plans call for the project to be completed by September.

Approximately 105 WPA workers are now employed on the project. A total force of 200 men is expected to work on the project before it is completed.

Plans call for approximately 30,000 feet of pipe to be laid throughout South Boulevards.

The treatment plant will furnish both primary and secondary treatment for sewage. Treated sewage will leave the filtering beds at the plant in a pure state, Shaffer said. Filtered liquids will be disposed of in the small stream now being diverted from its normal channel to facilitate the flow of material from the plant.

Federal funds provide about three quarters of the money necessary to finance the $112,000 project. South Boulevards voted a bond issue last year to obtain $27,500 to pay its share of the cost.

AGRICULTURAL EXPORTS DROP

Commerce Department Shows U. S. Sending Out Least Produce Since 1869.

WASHINGTON — The world's desperate bidding for "guns instead of butter" has caused the volume of American agricultural exports to sink to the lowest levels since 1869.

Commerce department statistics revealed today that in January American farm exports represented only $22,000,000 out of a total $325,355,000 foreign trade—or less than 7 per cent, according to preliminary figures.

This was an even worse showing than the last six months of 1940 when agricultural products declined to only 8.7 per cent of the export total, as compared with 22.4 per cent for the comparable period.

January exports of agricultural commodities were almost $4,000,000 less than December's $25,872,000—indicating the continued decline—and far short of the $97,000,000 worth sold in January 1940 before Hitler's Nazi legions conquered most of continental Europe.

The combined agricultural and nonagricultural total for the month registered a gain of $3,000,000 over December, but mirrored the 1940 trend of increased shipments of war supplies at the expense of agricultural exports.

The agricultural slump, commerce department experts reported, resulted mainly from the fact that continental European markets have been cut off by German occupation of many countries, the British blockade, and the United Kingdom's severe restrictions of imports.

SAYS WIVES ARE EASY TO OBTAIN

He's 100 and Can't Remember How Many Times He Married.

CICERO, Ind. —(AP)— Richard Denny, celebrating his 100th birthday, said he couldn't remember whether he had been married nine or 13 times.

The Civil war veteran's present wife is 86.

"Women are easy to get," Denny observed. "When I got lonesome I just went out and got one."

SENATE VOTES BILL TO MAKE TRAFFIC REGULATION UNIFORM

(By Associated Press)

COLUMBUS — Legislative relief was in sight today for Ohio's 3,000,000 motorists, bewildered in a maze of traffic signals, signs and regulations.

A bill passed by the senate and sent to the house after a two-year committee study would make uniform all the rules and devices provided for the guidance of automobile drivers. Municipalities would have to abide by the regulations except for a reasonable expense of their police power.

The highway director could set up speed zones, restricting travel to less than the present 45-mile-an-hour limit or permitting speeds in excess of it.

Even the hand signal's for turning and stopping are described in the proposed legislation, and Cleveland's widely debated "rotary turn" at intersections would be abolished.

The bill was passed 31 to 3 with Senators Maurice W. Lipscher (D.-Mahoning), Murray S. Parker, (D.-Summit) and Theodore M. Gray (R.-Miami) voting in opposition.

The senate also voted to require the sale of cigarets at no less than cost plus six per cent. The measure, which now goes to the house, is designed to protect independent retailers from competition of chain stores selling cigarets at cost or below.

A house-approved bill allocating $12,000,000 a year in sales tax revenue to the local governments was recommended for passage by the senate finance committee. Democrats are expected to continue on the senate floor their fight to increase the figure to $17,000,000.

The house virtually completed enactment of a bill extending for two years the authority to use for relief three per cent of the gross revenue of publicly owned utilities.

DIES AT AGE 72

Mrs. Mary Wilkinson Operated Hotel In Crestline.

CRESTLINE—A life-long resident of Crestline and prominent figure in the hotel business in this vicinity, Mrs. Mary Weber Wilkinson, 72, died last night at her home in the Gibson house following a brief illness.

Mrs. Wilkinson and her late husband, Martin L. Wilkinson, operated the Gibson house for more than half a century. She was a life-long member of Trinity Lutheran church, and a member of the Ladies' Aid and Missionary societies. She was also an hororary member of the Ohio Hotel association.

She is survived by nine children. Mrs. Norbert Shea, of Sarasota, Fla., Mrs. Ban Vogeler, of Lorain, Mrs. G. B. Jansen, of Lakewood, Mrs. O. E. Jansen, of Altoona, Pa., Mrs. Lloyd Crider, of Cincinnati, Mrs. E. J. Boyle, of Fort Wayne, Ind., Matin H. Wilkinson, of Cleveland, Frank E. Wilkinson, and Mrs. John Schwert living at home.

Also surviving are 13 grandchildren, two great grandchildren, one sister, Mrs. Minnie Myer, of Cleveland, and one brother, Edward Weber, of Willard.

Funeral services will be held at Trinity Lutheran church Sunday at 2:30 p. m. Rev. Charles H. Lange, pastor, will officiate. Burial will be in Crestline cemetery.

The city had 25 pounds of 1941 license plates today for the 41 pieces of motor equipment owned by the municipality. Issued without cost by the state bureau of motor vehicles the tags include those for 38 passenger cars and trucks, two motorcycles and three trailers. The series includes consecutive numbers from OS 750 to OS 790. Last year the tags were in the OR series.

The current issue of The Snooper, newsy paper published by patients of the Richland County T. B. Sanatorium, is dedicated to The News-Journal and its staff. A note in the paper says: "It is indeed with pleasure that we look forward to the daily and Sunday papers." Started several months ago to provide entertainment and instruction for the sanatorium's residents, The Snooper" is composed and printed entirely by patients. It contains pictures, cartoons, editorials and special sections devoted to society, sports and humor.

Automobile license plate sales are running about the same as last year, according to Frank Beverstock, Richland county auto club secretary. Last year 1134 plates were sold in the first five-day period. That is 24 more plates than the number sold to date by the club. This year's sales total 1,110 pairs of plates, Beverstock said.

When Stanley R. Heidinger, 248 Helen avenue, goes to Ft. Hayes next Monday to join the army he will go alone and without the benefit of a farewell party like the other selectees get before they leave the city. Heidinger, a volunteer in the Board 1 district, agreed to go as a replacement for a selectee who was rejected at Ft. Hayes because of his physical condition. He asked to leave with the group scheduled to go to camp tomorrow, but the quota was filled. Heidinger's order number is 2276 and he probably would not have been called for several months.

OHIO BUDGET INCREASED BY 11 MILLIONS

Legislature Reviews Proposal Bricker Says Would Leave $46,000 Surplus.

(By Associated Press)

COLUMBUS—The Ohio legislature today tackled an unprecedented spending program of $352,308,600 for 1941-42, representing an increase of $11,386,000 over 1939-40 expenditures.

The house finance committee hoped to prepare by Monday night an appropriation bill embracing Gov. John W. Bricker's recommendations for operation of the state government.

The governor, delivering his biennial budget to the general assembly last night, declared its adoption would enable the state to end the biennium with a surplus of $46,451 in its general revenue fund.

He emphasized his estimate of a $16,997,700 increase in general revenue during the next two years was conservative.

William M. Boyd, Democratic floor leader in the senate, immediately challenged the governor's estimate of $51,500,000 a year income from the sales tax.

He asserted that sales tax receipts during the first six weeks of this year were 18.4 per cent above the same period of 1940. The total yield for the year, he added, should amount to at least $60,000,000 and probably would go to $65,000,000.

Otherwise, the Democrats picked few flaws in the governor's budget in their first examinations. They generally agreed with his recommendations for a $18,500,000 increase in old age pensions for the biennium and an outlay of $7,042,000 for extraordinary building improvements.

The gross increase ran over $25,000,000, but were offset by a reduction of $5,500,000 in poor relief appropriations and $8,319,000 in highway costs.

The pension increase, half of which will be paid by the federal government, was necessitated by expansion of the pension rolls and a hike in the maximum benefits from $30 a month to $40.

The other principal increases in the budget were:

$1,900,000 for maintenance in the welfare department; $700,000 for personal service and maintenance at the universities, due to increased enrollment;

$950,000 for the state emergency fund, presumably to finance creation of an Ohio state guard or expansion of the highway patrol, and

$330,000 for increased work in the industrial commission.

The governor expressed firm opposition to increasing the $12,000,000 in sales tax revenue now allocated annually to the cities and counties. He recommended payment of $6,000,000 on the school debt.

Construction on Housing Project Delayed at Akron

WASHINGTON — (AP) — A 300-unit defense housing program for Akron has been postponed indefinitey while construction on a similar project at Canton will begin as soon as the question of a site is settled, says Fred Kramer, defense housing co-ordinator for Ohio.

The Akron project is being held in abeyance on grounds it is not needed now, Kramer said.

Protests over location of the Canton project have been referred to the public buildings administration, Kramer said. Canton residents expressed their views before the agency this week. One group objected to location of federally-financed homes adjacent to a residential section of more expensive homes.

SOCIAL PROGRAM

Y. W. C. A. Clubs to Hold Event Friday Evening.

Members of the Y. W. C. A. business girls' clubs, Garcia and Beta Epsilon, are sponsoring an evening of recreation at the Y. W. Friday at 8:30 p. m. The social program is open to any young man or woman above school age, with no admission charge.

Dancing, ping-pong and cards will be the diversions. Members of the committee arranging for the party are Charlotte Gray, Kathryn Johnson, Miriam Brancoccia, Fay Cisco, Vivian Roberts and Jean Shively.

WIDOW GETS ESTATE

CLEVELAND — (AP) — The bulk of an estate valued "in excess of $50,000" was left to his widow by Dayton C. Miller, noted Case School of Applied Science physics professor, who died Feb. 22. A valuable collection of flutes and other wind instruments was left to the library of congress.

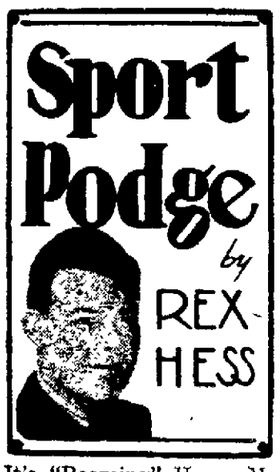
Hoffman Prepares Tygers for Tiffin Defensive Style

Sport Podge by Rex Hess



It's "Beaming" Harry Mehock now.

"I've just got my first entry for the Mansfield Relays of April 19," he explains.

"It's an individual entry, a boy named Bob Anthony from Madison high school, in the 100 and 220 yard dashes. But it's a start, and the entries soon should come pouring in."

* * *

Why not offer special awards for first individual and first team entries next year, Harry. That might speed up those early lists of contestants. Even though you're not worried about getting enough entries before the deadline.

This might be a slogan, or something, in offering such an award;

"A trophy on the shelf will make you like yourself."

* * *

And if you'll offer a trophy for the one least likely to finish a hundred yard dash, I might even toe the starting line myself. I'd be sure to run my nose in the ground in five flat—five flat yards.

* * *

And who is this Bob Anthony? Why, he's only a freshman out at Madison.

"But he's the fastest football I've ever had out here," declares Coach Al Fendrick, "and a real gridiron hopeful.

"Last fall we had a couple of 100-yard dashes every day, and he won them all, easily.

"And he's a big boy, for a freshman, five-feet, 11 inches and 155 pounds. At this moment he makes me very happy."

* * *

Chuck Chuckovits is just about the heaviest drinker this department has seen in a long career of observing heavy drinkers.

After Tuesday night's cage game with Tommy Harmon's Michigan All Stars, the old Toledo Rocket tossed down as quickly as the Adam's apple could bob: three cokes, three tall glasses of buttermilk, a tall glass of ice-water, and then ate a meal which he finished off with another glass of buttermilk.

* * *

Then he walked out of the restaurant under his own steam.

"Stroll, don't float, to the nearest exit, is my motto," the Chucker did NOT assert.

Kenyon Rates As Favorite

Expected To Repeat For Tank Title.

OBERLIN — (AP) — Kenyon college was rated a favorite today to retain its Ohio conference swimming championship in the annual meet here Friday and Saturday.

* * *

Kent State, 1940 runnerup, Oberlin, Case, Wooster, Bowling Green and Wittenberg will provide competition for the titlists.

* * *

Defending champions include Capt. Bob Tanner of Kenyon in the breast stroke, Monoghan of Kenton in the 220-yard free style, Wayne of Kent in the 50-yard free style, and Hugh Richards of Oberlin in the 100-yard free style.

Kenyon's hopes of repeating rest largely on the shoulders of Tanner, Monoghan, sophomore Sam Cook in the 220 and 440-yard free style and backstroke events, Bill Smith in the 100-yard free style and Rouse in the diving.

* * *

Oberlin, although defeated by Kenyon earlier in the season, is expected to give the champions the most trouble. Prominent Yeomen point-makers are Capt. Art Cecil in the diving and Hugh and John Richards in the free style events.

* * *

The preliminaries are scheduled tomorrow night with the finals Saturday afternoon.

TOLEDO TEAM GETS REVENGE FOR LOSS

(By Associated Press)

The last game of the season gave De Sales college of Toledo a chance of revenge.

* * *

Defeated earlier in the season by Wilmington, the Sailors turned on the heat last night to win an easy victory, 61 to 37, on their home court. De Sales won 12 and lost nine during the season.

* * *

In the only other game held the Ohio State Teachers dropped a close one to the University of New York in Madison Square Garden 39 to 38 and thus gave the victors a bid to the national invitational tournament.

Mansfield Battler Wins Bout

Beauford Glover Cops Nod Over Pittsburgher.

Beauford Glover, Mansfield's lightweight champion of last year's Cleveland Golden Gloves tournament, scored a decisive victory over Ervin Hicks, 141, of Pittsburgh in a five-round preliminary bout at Cleveland last night.

* * *

Hicks, winner of nine straight fights, lost the first four rounds, and was almost knocked out in the last minute of the fifth after giving Glover some trouble in the early part of the final heat.

* * *

It was a bloody battle with most of the claret coming from the beaten Hicks.

Jimmy Bivens, Cleveland's crack 21-year-old light heavyweight, climbed a step further up the championsip ladder today and the veteran Teddy Yarosz passed him on the way down.

* * *

The 30-year-old Yarosz, conqueror of six champions and ex-champions and himself former middleweight king, lost a decision to Bivins in 10 dull, listless rounds before 7,780 fans last night.

* * *

The Cleveland Negro posted his 21st victory in 22 bouts by forcing the fighting and landing most of the all too few hard blows. In the eighth he dropped the Pittsburgher to one knee with a left hook.

Yarosz on the other hand outboxed Bivins, but did little stiff punching. Jimmy weighed 174, giving him a six-pound edge.

Bivins' only setback was at the hands of Anton Christoforidis, now recognized as champion by the National Boxing association, and there is talk of rematching them in a title affair.

Maxie Berger of Montreal, claimant to the world junior welterweight title, gave Cleveland promotors another drawing card as he stepped in favor with a seven-round technical kayo of Mike Gamiere of Cleveland.

* * *

Mike was on the floor when the fifth round ended and again when the bell sounded closing the sixth. His handlers revived him both times, but Referee Lou Parker halted the beating with three rounds to go. Both fighters weighed 140.

* * *

In the preliminaries Joey Pirrone, 134, of Cleveland, knocked out Max Schindler, 133, of Lorain, in two rounds. It was scheduled for five rounds.

CORAL GABLES, Fla.—(AP)—Gene Sarazen and Ben Hogan won the 18th annual international four ball tournament yesterday with a 4-and-3 victory over Ralph Guldahl and Sam Snead in the finals—just 13 years after Gene first shared top honors in the event.

"It was a hundred times harder this year," said Sarazen.

Mound Question Marks Worry Jimmy Wilson, New Cub Boss

AVALON, Santa Catalina Island, Calif.—(AP)—The Chicago Cubs might be the darkhorse contender in the national league race this year, but it doesn't take the wisdom of a hindu crystal gazer properly equipped with a bright red turban to know that the club's chances would be vastly enhanced if some of the questionmark pitchers should come through.

* * *

The tension in the club during the late stages of Gabby Hartnett's reign apparently had disappeared completely, replaced by something closely akin to the old college spirit and a firm hold on the bridle by Jimmy Wilson, a veteran with more knowledge than illusions about ball players.

* * *

Wilson, idol of the Cincinnati fans for his world series performance last fall, makes his debut as manager of the Cubs with:

Three winning pitchers, Claude Passeau, reliable Larry French and young Verne Olsen, and a host of others who might — or might not—deliver, including none other than Mr. Jerome H. Dean.

A good defensive infield, with Captain Billy Herman at second, Billy Myers at short, Smiling Stan Hack at third and Rip Russell back at first, provided he can hold off the challenge of Ed Wairkus, who batted .303 with Tulsa last season.

A potentially powerful outfield of Bill Nicholson in right, Hank Leiber in center, looking like he's ready for a big year, liable to push either one to the bench, Barney Olson from Tulsa is also back for a try, but he's battling strong opposition. The same goes for Harvey Storey from San Francisco, who came to the Cubs as an infielder but may be tried out in the outfield.

Capable catching, with Al Todd the reliable mainstay, and at this date, three younger men battling for a chance to stay with the club, Husky Clude McCullough, who clouted .324 with Buffalo in 1940, seems to have an edge in the race, but Bab Scheffing from Rochester, and Charley George from Nashville, are making a strong bid. Bob Collins, a fine catcher in the Pacific Coast league, may go back to Los Angeles after a season with the Cubs.

NEW YORK — Customers are complaining there isn't enough baseball dope in this album of song, so pull up a chair:

Bill Terry and Horace Stoneham ought to get together. . . . A few weeks back Horace said Mel Ott and Carl Hubbell are as much a part of the Giants as the Polo Grounds. . . . Now Terry says he'd trade every guy on the club except Babe Young and Johnny Rucker. . . . For the first time in years some of the St. Louis papers have their first string critics covering the Browns instead of the Cardinals. . . . Most of the American Association experts already have conceded the pennant to the Columbus Red Birds. . . . They say Ted Williams signed up as soon as he heard Mike Ryba was with the Red Sox. . . . Mike once fanned Theodore four times in one afternoon.

Man-for-Man Game Pleases Tyger Mentor

Columbian Enters Tournament with Only One Defeat On Record

COACH VERN HOFFMAN, preparing his Mansfield high Tygers for their Sandusky tournament joust Saturday night against the Buckeye league champion Tiffin Columbian quintet, is happy these days over the fact that Columbian is expected to use a man-for-man defense.

The Tygers came so close to beating Canton McKinley, using the same defensive system, last Friday night that Hoffman is confident his boys will do even better when faced by the personal check system employed by Tiffin.

* * *

The Mansfielders have been looking good in practice this week against the Columbian system.

* * *

Meanwhile Hoffman is preparing a defense for Bob McClory, high scoring forward of the Tiffin quintet, who has chalked up 153 points this season.

Other leading Tiffin scorers are Bob Pearce, 75, Bill Sheely, 74, Bob Haines, 69, Harry Miller, 38, Doyle Nutter, 33, and Bill Horn, 20.

Sheely, Haines and Nutter are defensive stars of the Columbian machine.

* * *

Columbian's record for the season shows only one defeat, a 22-30 loss at the hands of Fremont when McClory was out of the lineup because of illness.

Simon Joins Louis' Club

Sock-of-Month Group Beckons To Abe.

NEW YORK—(INS)—Abe Simon—who looks like a Neanderthal man, talks like Gene Tunney and fights like a longshoreman—reaches Detroit today to join Joe Louis' "sock of the month" club.

This 'sock of the month" club is a little private affair that the heavyweight champion maintains for the amusement of himself and friends. It boasts an exclusive clientele, too, numbering such socially acceptable gents as Max Schmeling, Max Bear, Tony Galento, Bob Pastor and Red Burman.

Membership is restricted to those with a yen to make a fast dollar and be crowned in a hurry by Joe.

* * *

Abe will be duly inducted into the club on March 21 in a party scheduled for 20 rounds but Abe declared no later than yesterday, that the party won't last that long. How right he is!

Abe will never take any beauty prizes away from Clark Gable or Robert Taylor. In fact, as he says himself, he looks a good deal like Gargantua with a haircut. But a heart of pure gold, boys, a heart of gold.

He also has that aforesaid yen to make a fast dollar. In fact, only a punch or two stands between him and a million bucks.

WALKER WINS

DETROIT—(AP)—Jack "Buddy" Walker, Columbus, O., heavyweight, accidentally butted Joe O'Gatty, Newark, N. J., over the eye and won a fifth-round technical knockout last night. Walker weighed 200, O'Gatty 199.

IT'S EASY TO BE FOOLED

$10,000 TO SEE A MAN GET INTO A PINT BOTTLE...

In 17th Century England, an advertisement appeared in a local paper stating that in a prominent theatre a man would get into a pint bottle. Tickets sold at fantastically high prices. And on the day of the performance the theatre was jammed. But the magician who was to perform the magic never showed up. And the huge crowd, realizing that they had paid exorbitant sums of money to gaze onto an empty stage, broke into a riot. Another example of how easy it is to be fooled.

Pearson Boosts Red Hill Hopes

Former Yankee Star Looks Good In Training.

TAMPA, Fla.—(U P)—The biggest piece of news in the camp of the world-champion Cincinnati Reds is that Monte Pearson, the leading ache-and-pain man of baseball, feels okay.

At least the Reds' board of strategy thinks he feels okay. They're afraid to ask, for Pearson has been known to acquire aches and pains merely by glancing at a liniment advertisement. But there seems to be a fair chance that under Manager Bill McKechnie's soothing treatment Pearson will be a different man from the pitcher whose illnesses—real or imagined—caused despair to Joe McCarthy's New York Yankees.

* * *

If so, the Reds may make a run-away race of it, for Pearson's snapping curve makes him as dangerous as any pitcher in baseball on the days when he is right.

* * *

The Reds gambled $20,000 and a player that Pearson would respond to the McKechnie magic when they bought the righthander from the Yankess. And they knew it was a gamble, but McKechnie has a long, brilliant record of taking cast-off pitchers and turning them into winners.

Pearson appears to be in splendid shape. He is throwing easily and working with enthusiasm. All he has to say about his prospects in the National league is:

"I wouldn't be down here if I didn't think I could help Bill McKechnie. I'm fixed so that I don't have to play baseball."

With Derringer, Waters, Thompson, Beggs and Moore, the Reds are loaded with good pitchers. So McKechnie must have seen something that convinced him the big ache-and-pain man was worth a $20,000 gamble meantime, nobody discusses aches and pains with Pearson.

Waldo, a draftee, will leave soon for the reception center at Fort Stevens, Ore. The rest leave March 16 for Tulsa, Okla., to begin training as air corps flying cadets.

DEMANDS NOISE

TAMPA, Fla.—(AP)—Irked by the taciturn nature of his world champions, Manager Bill McKechnie ordered the Cincinnati Reds to make some noise. Now their pepper shouting is devastating the afternoon siestas of the Tampa natives.

SIX STAY HOME

FT. MYERS, Fla. — (AP) — Six members of the Cleveland Indians were left behind in charge of Coach George Susce when the rest of the squad went to Havana for an exhibition series with the Brooklyn Dodgers. Among those left were two promising rookie pitchers, Mike Naymick, who has a lame wrist, and Dixie Howell, who has a boil on his arm.

Cubans Hope to See Bob Feller

HAVANA, Cuba —(U P)— Cuban baseball fans today hoped to see Bob Feller go into action when the Cleveland Indians open their three-game exhibition series here against the Brooklyn Dodgers.

* * *

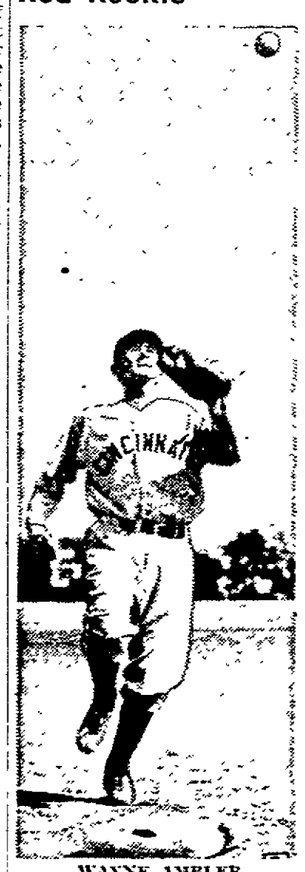
The Tribe meets the Dodgers tomorrow in the first contest ever to be played on foreign soil by a Cleveland team.

* * *

For the opener Manager Roger Peckinpaugh selected Joe Krakauskas, Harry Eisenstat and Pete Center for the mound work, but there was a chance that Feller also will hurl part of the first game. In case he does not, Bullet Bob probably will be saved until Sunday's contest.

Al Milnar and Dewey Adkins were considered certain starters for the second game, and Peckinpaugh's other choices were Feller, Al Smith or Jim Bagby.

Red Rookie



WAYNE AMBLER

Wayne Ambler, about to catch a fly ball, is an infielder in the Cincy Reds' camp at Tampa, Fla., coming up from Jersey City.

BOWLING SCORES

Jim Weems felt the pressure of a possible perfect game last night as he started out with eight strikes in his final City A league string. He wound up with a miss and a spare for high game of 254 and also had high total of 683 on 197-232-254.

* * *

Walt Fensch chalked up 216-217-220—653, Harold Selby 207-239-205—651, Win Cleckner 177-224-246—647, Sonny Meder 225-205-196—626.

* * *

Bissman's Birdie Brands again rolled over the 3,000 mark for high total on 1,027,-1,017-975—3,016.

Westinghouse A league closed its season with Range Assembly No. 2 winning the championship on 38 wins and 28 losses, and Iron Finishing was second with 37-29.

Ray Friday turned in high total on 189-246-201—636, and Fritz Vogel had 180-212-210—602.

Range Assembly No. 2 chalked up high team total with 852-975-948—2,776.

E Etzwiler paced the Westinghouse B league with 231-193-162—586, and Frank Ealy had 548. Refrigeration Assembly No. 2 had high total with 2,327.

Lucas Champs To Play Again

Stellar Quintet of 1939 Meets Alumni Team.

Lucas high school cage champions of 1939 and members of the Lucas district tournament team of 1928 will be seen in action Saturday night in a benefit bucketball program at the Lucas high gym.

* * *

In the opening game at 7:30 this year's high school team will meet last year's seniors, and in in the big game at 8 o'clock the 1939 champs will tangle with a general alumni team including Paul Bruce and Merle Mowery of the 1928 quintet.

* * *

Heading the champions will be Tom Gruhch and Bob Crawford who have been playing this season with Ruhl Radios in the Mansfield City A league.

Proceeds will go to the Lucas Merchants baseball team.

INSPECTS HURLERS

ST. PETERSBURG, Fla.—(AP)—National league President Ford Frick watched the St. Louis Cardinals' intra-squad game yesterday and inspected their pitching machine. Afterward Manager Billy Southworth designated Herschel Lyons, Ernie White and John Grodzicki to pitch in the first exhibition against the New York Yankees tomorrow.

GETS CHANCE

HAVANA — (AP)—Pitcher Howard Mills, whom the Brooklyn Dodgers bought conditionally from the St. Louis Browns, will get his first chance to prove himself in an exhibition when the Cleveland Indians attack tomorrow. He will share the Brooklyn hurling with Hugh Casey and Whitlow Wyatt.

DEAL FALLS THROUGH

MIAMI, Fla. — (AP) — The New York Giants want to trade, but they aren't going to be rushed into anything. Manager Bill Terry disclosed yesterday that he had been offered holdout Hank Leiber by the Chicago Cubs but that the deal had fallen through.

FOOD FOR GAME

COLUMBUS — (AP) — "What is the best food for game in winter?" is the question often asked of the Ohio Division of Conservation and Natural Resources.

The answer: "Yellow corn and soybeans are the best fattening and muscle-building foods. Feed soybeans and corn and game will thrive on it during severe winter weather."

Henry Hudson first came upon the present site of Albany while seeking a route to China.

BRITISH FACE NOW REFLECTS WAR ECONOMY

Shortage of Razor Blades Explains Growth of English Beards.

LONDON—(U.P.)—Of all the commodities which have been rationed or on which quotas have been enforced, no single item is likely to have a more noticeable effect on the changing face of Britain than the present critical shortage of razor blades.

Many London drug stores have used up the last of their old supplies and storekeepers do not know when more will be available. Others still have a few blades left and hope to eke out their stocks until the next quota arrives.

But even when further shipments come the situation will not be much improved. With blade manufacturers allowed only one-quarter the amount of hard steel which they received last year, the male population soon must face the mirror and admit that things have reached a crisis.

New Blades Feel Dull.

By the laws of mathematic it is evident that the nation soon will have only one-quarter the number of razor blades which it formerly had. Either three-quarters of the male population must go unshaved, or blades must be made to serve four times as long. Even new blades frequently feel dull, and the thought of using a blade which theoretically has been thrown away three times is enough to make beards bloom throughout the country.

The strong probability is that Britain shortly will witness a growth of facial hair which will outdo the decorative effects seen during the World war. Whether beard-growing is adopted as a definite program or arises merely from the lack of any plan to counteract the blade shortage, the result will be the same. The smooth face will become ever rarer and the cry of "Beaver!" will sound through the land.

Beards Honored in Navy.

The move, in fact, already is well established. Hundreds of men of the navy, new men as well as veterans, have taken advantage of the time-honored Admiralty regulations permitting beards. Many, no doubt, will be achieving a long-held but secret ambition which they never dared to inaugurate in the face of criticism of their smooth-chinned friends.

The most stirring protests can be expected from the women. National rationing of cosmetics has had no apparent effect on their ability to maintain peacetime standards of beauty. On London's streets today there is no less a display of chemical pulchritude than formerly despite governmental restrictions on the sale of the necessary materials.

"Then, why," the women will ask, "cannot men keep up appearances as well?"

To a considerable number of women, of course, the beards will prove acceptable. Bearded sailors do not appear to be particularly lonely men.

But the lengthy and scraggly apprenticeship, combined with the uncertainty of a harmonious and symmetrical result, threatens to be the least popular phases of the name make the whole situation one of tional war effort.

STEALS CARTON OF BIBLES

AKRON—(AP)—Police are hunting a thief and hoping that the "goods" he stole will show him the error of his ways. He stole a carton of bibles from the Rev. C. H. Pike's car.

Tiny Tortoises Of Prehistoric Family Thrive

MIAMI, Fla.—(U.P.)—A set of twins born here last August is increasing daily in weight and value.

They are two tiny Galapagos tortoises, the only ones of their kind ever hatched in the Americas. Attendants at the North Miami Tropical Zoo, where the two live, estimate their present value at $1,000 each.

The tortoises belong to a family of prehistoric creatures that never have changed their size or shape from the beginning of time, according to scientists.

When the two tortoises crawled from their billard-ball appearing eggs they weighed two ounces each. They now weigh about a half pound each and are expected to double their weight annually for the next fixe years, their rate of growth then slowing down.

Natives of the Galapagos islands group, tortoises are the longest-living creatures on earth, according to scientists.

Approximately 1,475,000 tourists enter California by motor car each year.

IRISH SPUDS GREEN?

DENVER—(AP)—Officials have announced that potatoes western growers sell the government for livestock feed, to liquidate a farm surplus, will be dyed. The dye will prevent the potatoes from falling into the hands of persons who might resell them for table use.
